# The Best Of Times

# The Best Of Times

Upon entering high school in the ninth grade, we are filled with expectations of what will be; Wilde Lake offers many opportunities to participate in new activities, make new friends, and learn new things.

Attending football games, bon fires, and pep rallies are some of the activities that make the years more memorable. There are also the dances, including the two main ones, Homecoming and Prom, which many of the students, attend. But what makes all these activities so great are the friends you attend them with. Friends are there to share in the fun and to help you through the hard times.

As time passes, your high school years come to an end, but the memories of the great times will always be remembered as "The Best of Times."

# Summer Fun Away From Home

Students find many out-of-town activities to keep themselves busy during the summer. There are those students who spend their summer getting an education at summer athletic camps for such sports as soccer. Some of the students interested in academic activities attend workshops, like the one offered to suggest creative ideas for yearbook editors.

There are always those students who choose to spend their summer relaxing in the sun. Many join family and friends at the beach, where the activities are unlimited.

Some students take time to tour other countries, while others get a chance to see the sites while visiting friends and relatives.

# Summer In Columbia

Many Wilde Lake students discovered they didn't have to leave Columbia to keep themselves busy this past summer.

"Fun in the sun" seemed to be the idea for a lot of students who, during the hot summer days, could be found relaxing around the pool. At night, students found Columbia came alive with concerts at Merriweather Post Pavilion and numerous activities on the lakefront.

But summer was not all fun and games. For many, it was also a time for hard work. Summer school occupied the days of some WLHS students, while many others held various full or part-time jobs around Columbia.

As the summer neared an end, preparations for the new school year commenced. As usual, teachers came back to school before most students to make lesson plans. Those students who were interested in playing fall sports returned early along with the teachers to practice for team tryouts. The cheerleaders, unable to find a sponsor until early September, organized their own squads. Students involved with the SGA also returned to school early to plan upcoming events and activities for the 1983-84 schoolyear.

# Back With A Bang!

The back-to-school picnic was a chance for all the classes to get together and have a good time. It took place after the first home football game of the season, which Wilde Lake won 48 to 14 over Sparrows Point. It was also a time to get to know all the new faces in the crowd this year. This years' back-to-school picnic wasn't held at the school, but instead, Symphony Woods provided the perfect background for the festivities. The games ranged from the three-legged-race to the water balloon toss. The seniors achieved victory in the rival tug-of-war competition. There was plenty to eat and drink at the concession stands sponsored by different class councils. Students boogied down with the music of Bristol Sounds Inc., who not only deejayed the picnic, but also gave out painter hats to the winners of their trivia questions.

Another back-to school event was the "Back-to-School Dance," sponsored by the women's basketball team. Deejayed by Wilde Lake's own Mr. Nykyforchyn, the students listened to the latest hit records, socialized and danced the night away. Students also got a chance to win several albums and top 40 tapes, given away by Mr. Nykyforchyn.

One newcomer to the school stated that she was a little apprehensive about coming to Wilde Lake at first, but after getting acquainted with her fellow classmates at the picnic and the dance, she felt right at home.

*Volleyball,* the water-balloon toss, the three-legged race, and the tug-of-war were some of the exciting events at the back-to-school picnic.

# Falling Into 84, And Leaving 83

A time of change, a time of new beginnings . . . falling into '84 and leaving 83 behind. During this process, not only is time changing, but the atmosphere is also making a beautiful change. Students showed their enjoyment by their participation in the Halloween Dance. Many enthusiastic students attended the dance in various costumes, showing a great deal of creativity. Excercising school spirit, many were involved in fall activities including football games on Saturdays, Soccer night games at Howard High School, and a number of extra seasonal activities. "Fall just brings enthusiasm out of you!" says inspired sophomore Dawn Ayers.

# Catch That Wildecat Spirit

Wilde Lake High School is notorious throughout the county as the school with an abundant surplus of spirit, due to the student and faculty's overwhelming enthusiasm. This year's annual spirit week was no exception. Zany imaginations enabled students and teachers alike to create their own versions of Nerd Day, where many students rummaged through good ol' mom and dad's ancient treasures in search of the perfect "duds." Punk Day: a time to let loose, let the real you out. Twin Day: dress the same as someone you always wanted to, but never could. Summer fun Day: go all out in beachware in the middle of November. And of course the traditional Green and Gold Day. Spirits soared in anticipation of the Homecoming game and dance to follow. Rosey grams, sponsored by the senior class, were distributed throughout the week, brightening the atmosphere while sending a little happiness to a friend. A pep rally ended the week's events on a lively note. Senior John Absalom felt, "Spirit week is real awesome, a time to get wild and crazy, totally intense. I love it!" John seems to sum up the week's events for all of us here at the Lake.

# We've Got Magic To Do!

On Saturday, November 12th the stadium seats overflowed with football fans patiently waiting to see Wilde Lake's Homecoming game. The game that was considered by many to be the best football game of the year took place at 1:30 on a brisk and windy afternoon. The head-to-head match was set—the Wilde Lake Wildecats vs. arch rival Oakland Mills Scorpions. The chance of becoming co-champions was brought to a freezing halt when the Oakland Mills muscle beat out the Wilde Lake finesse, 9-6. Although the loss of the game put the Wildecats at an upset, cheerleader Molly Watts stated, "We're still proud of our guys."

Although the final score of the game left Wilde Lake at a loss, the halftime show was a winning event. The traditional halftime festivities included the crowning of the courts, followed by the class float competition in which the Junior class came out on top.

Halftime events came to a close with the athletic stadium being named as the "Wilde Lake Memorial Stadium." A plaque was placed in the stadium to honor Roger Dean Parrish, a former student who died unexpectedly earlier this year, and other Wildecat athletes who encounter premature death.

# Homecoming 1983

# A Magical Evening

This year's Homecoming Dance was one of Wilde Lake's finest dances ever. The dance was a sellout, with over 400 tickets sold. It followed the climactic football game between the Cats and the Oakland Mills Scorpions. Unfortunately, the Cats lost the game by a score of 9-6. Still, the loss did not dampen the mood at the dance. The Senior Class, as tradition follows, put on the dance. The D.J. was Bristol Sounds and they surprised everyone with special effects of bubbles and fog during the dance. This dance was unique in that the Administration let it run until 12:00, instead of the set requirement of 11:30 for all dances except Prom. The reason for this was the Boys Soccer Semi-Final State game which was being played away. Since the game could not be moved, the Administration complied with the wishes of many students.

The decorations of balloons, streamers and stars with couples' names on them fit into this year's theme of "We've Got Magic To Do". This theme was chosen because this was Wilde Lake's thirteenth year of Homecoming. All of the Homecoming Court was present and a special dedication song was played for this year's Queen, Andrea Hamilton. Overall, the Homecoming Dance was very successful and an appropriate end to the week long festivities.

## BLOOD DRIVE

This year Wilde Lake held two blood drives. The first on Wednesday, November 16, and the last on Tuesday, March 20. The Red Cross Blood Program was run with the help of many Wilde Lake volunteers under the supervision of Mr. Abercrombie and coordinator Miss Mollie McCulloch.

The head nurse of the program at Wilde Lake stated that crowd control was much better than the previous year. Because of the 106 people who participated in the donations, Wilde Lake was able to supply the Red Cross with ninety-four units of blood. Although one hundred and sixteen units were strived for, Wilde Lake did well considering the fact that all schools were below projected amounts.

## SPECIAL OLYMPICS

Volunteers to assist in Special Olympics are always needed, and this year Wilde Lake had eighteen students attending and helping. The students worked as huggers and as clowns to keep up the spirit of the children during the rain, which caused the cancellation of many outdoor workshops and events. Huggers gave the athletes special ribbons and assured them that they were winners even if they came in last place. Volunteers often found that they gained as much as the athletes they helped. Volunteer Amy Newby said "I enjoy working in the Special Olympics and meeting a special friend every year."

Students attending were Deidre Baity, Sarah Blair, Lura Burns, Rob Byer, Nicole Farson, Jennifer Flynn, Beth Friedhoffer, Richard Halbig, Ari Isenstadt, Beth Kennedy, Amy Newby, Laura Oldham, Rob Shaker, Dan Silver, Bonnie Smith, Tracy Wilson, Beth Young and Maura Young.

# Holiday Spirit

The holiday season brought out a festive spirit in Wilde Lake students and teachers. With the excitement of the holidays (and, of course, vacation) spirits ran high. Many students caroled between classes and many teachers incorporated holiday themes into their lesson plans (and dress). The senior class council sold hundreds of candy grams so that students could send greetings before leaving for the holidays.

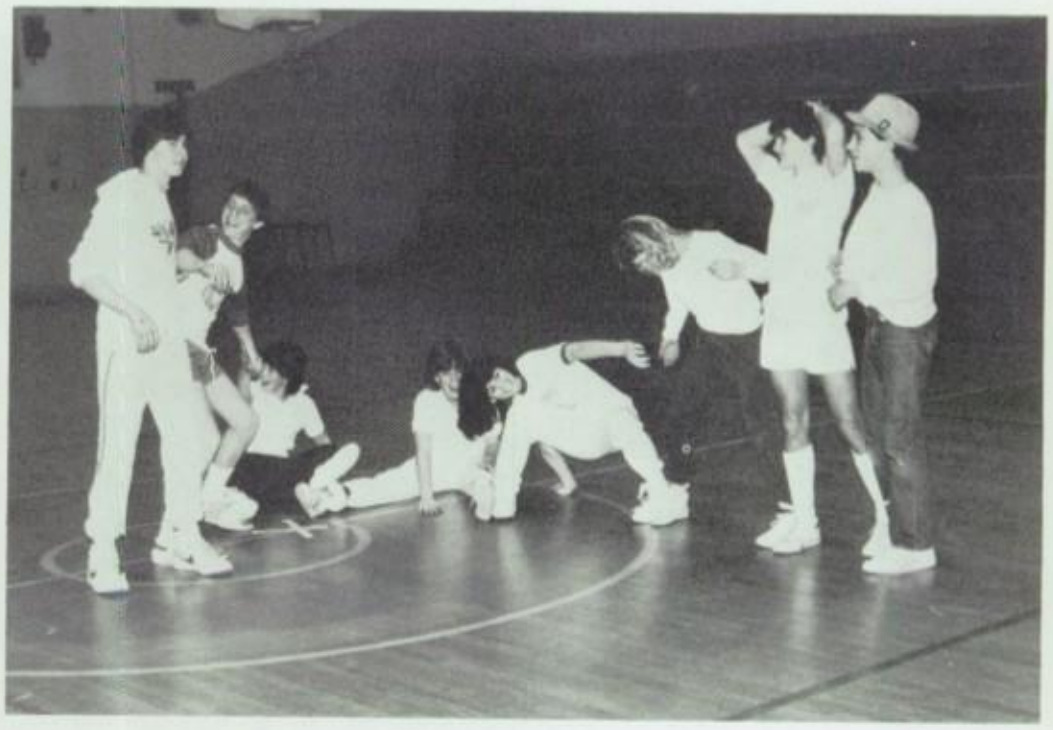
# Almost Anything Goes



The annual Almost Anything Goes competition once again brought Wilde Lake students together for some light-hearted fun. The 1984 winner was the senior class which successfully overcame the three teams from the other classes. The seniors were followed by the juniors, sophomores, and freshmen respectively in the overall standings. The unusual events of the nine-legged race, tug-of-war, Siamese twin obstacle course, and the thirsty bunny race provided a great opportunity for the classes to compete for cash prizes and prestige. Overall, Almost Anything Goes was a successful event organized by the SGA.

# And The Beat Goes On . . . . .

Wilde Lake High is a school known not only for its academics, but for extra-curricular activities as well. Every year, old activities are dropped and new ones picked up in their places, but it is a sure thing that there will be no replacement for WLHS dances. Wilde Lake students turn out in force everytime. This year, nine dances have been held. The dances featured a wide variety of themes, from the Costume Dance in honor of Halloween to the Sweetheart Dance in honor of Valentine's Day. Varying from drag to stag and formal to casual, the dances are a favorite among Wilde Lake students, a good place to meet friends, and a fun and inexpensive way to spend a Friday or Saturday night. All in all, it's been a good year for students to "get down and boogie!"

# Spring Fever!

It happens every year. Sometime in April it hits like a tidal wave. Assignments are late. Students are absent from class for hours or days. The parking lot is empty; the beaches are full. Seniors become an endangered species, and general disorder prevails. The cause? Spring Fever!

The late arrival of the spring vacation and the wet, rainy weather through most of March and early April made students prime candidates for Spring Fever. Spring break came just in time to prevent an epidemic of apathy (a sure symptom of Spring Fever).

When the warm weather finally arrived, it was greatly appreciated. The number of students "catching rays" for Prom or bathing suit weather outside the commons area was a sure sign that spring had arrived at the "Lake."

# Always And Forever

The Junior/Senior prom was held at the Columbia Hilton on May 19, 1984. Prior to arriving at the Hilton many couples went to dinner at a restaurant of their choice and on to the grand event: a night full of dancing, feasting, and socializing. Towards the end couples took pictures to remember themselves in their coordinated formal attire. That may have been the end of prom but the memories go on forever—Theme: ALWAYS AND FOREVER.

## ALWAYS AND FOREVER

Always and forever
Each moment with you is just like a
dream to me
That somehow came true
And I know tomorrow
will still be the same
Cause we've got a life of love that won't
ever change.
And every day love me
your own special way
Melt all my heart away with a smile
Take time to tell me you really care
And feel sad tomorrow together
I'll always love you...Forever, forever.
There'll always be sunshine
when I look at you
Something I can't explain
Just the things that you do
And if you get lonely phone me
And take a second to give to me the
magic you make.

# A Night To Remember

Class Night has always been a memorable event for seniors. Such special moments can not be kept tucked away in one's back pocket, but they can be *saved* in the *Glass Hour's* book of memories. Captured here are just a few of those fun times as the seniors feasted on crab, danced to the music, and enjoyed each other's company . . . an event to remember from beginning to end.

# Farewell To You

Wilde Lake's Annual Farewell picnic was held on Friday May 18, 1984. During fifth and sixth periods students put their work aside to participate in the fun and games. Volleyball, softball, dancing, and eating were some of the various activities that took place. All in all, the picnic was a fun way to close the year.

# The Goal Achieved

At last the night every senior has dreamed about finally came. WLHS seniors proudly walked across stage in cap and gown to be commended for a job well done. As each graduate walked across the stage, several doors were opened. Many will use those doors to seek opportunities to further education, career training or to join the armed forces. Although many are excited about the new experiences, there is sadness because of the door they must now close—for it is so very hard to say good-by to yesterday.

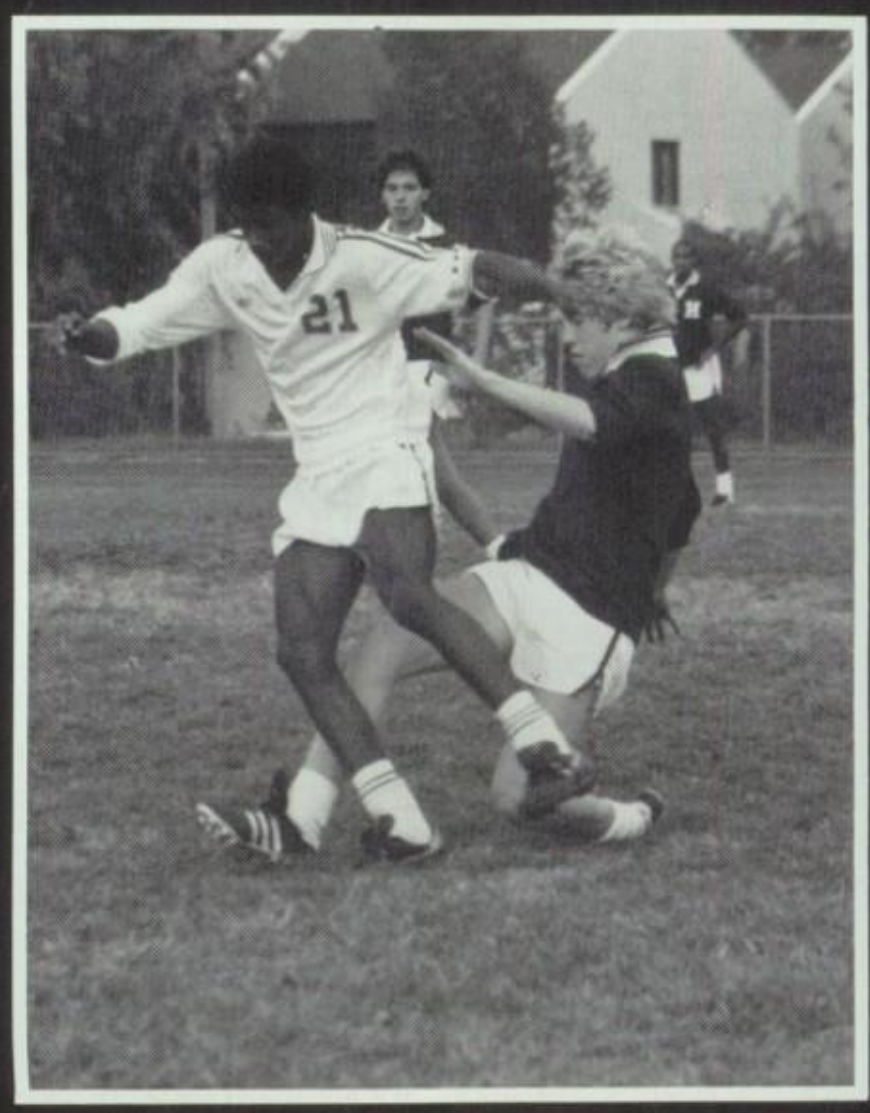
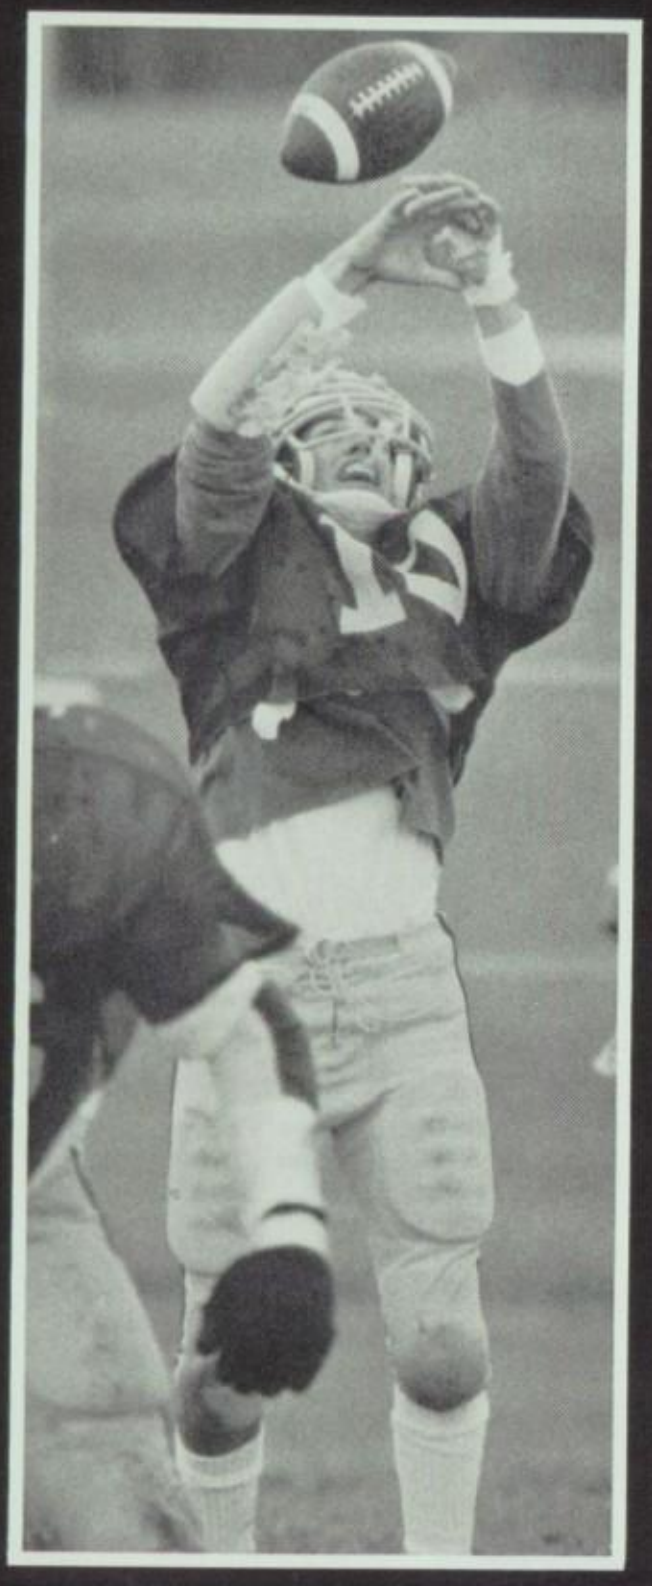
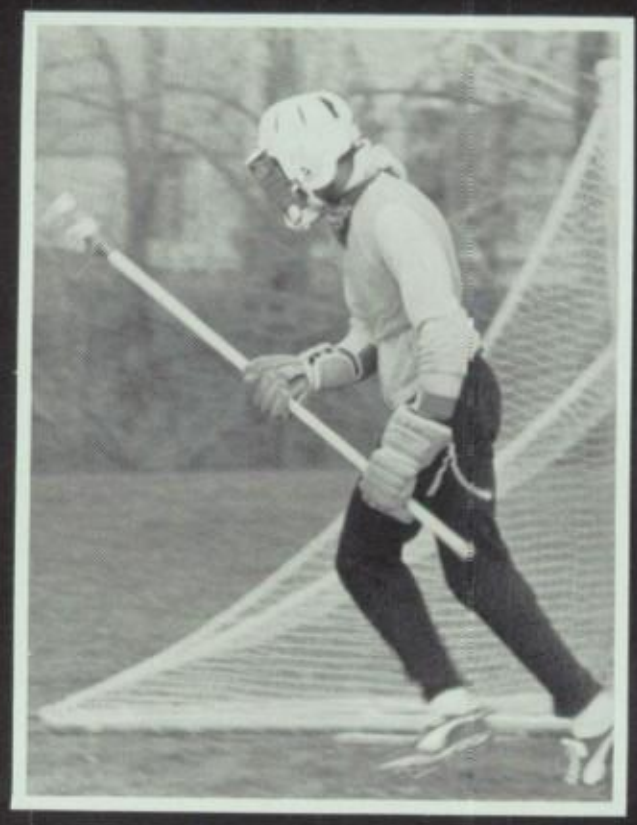
# THE BEST



# OF TIMES IN SPORTS





Participation in sports requires a great deal of time, dedication and talent. Athletes at Wilde Lake must be academically eligible in order to try out and must remain proficient in five out of six of their classes throughout the season in order to stay on the team. This can prove difficult because athletes are required to attend daily after school practices which are both time consuming and exhausting. However, the valuable experience gained through teamwork aids in molding the athletes' characters. Through sporting events students learn not only to win, but to lose gracefully as well.

# The Cats Do It Again

The Wilde Lake boys varsity soccer team won the class C state championship for the third year in a row. After a disappointing loss to Calvert Hall at the start of the season, the team went on to achieve a 13-2-1 record. The high point of the season came as the Wildecats upset Class B champs, the Centennial Eagles. As the season came to an end, the Wildecats lost to Oakland Mills in the match for the county championship but showed their strength as they went undefeated in the playoffs.

# Varsity Field Hockey

"This team is one of the best field hockey teams Wilde Lake has had," said Coach Jansen about the varsity girls team. "They are aggressive and have good stick work."

The team started the season on the right foot, winning both of their scrimmages 2-1 and 3-0. From there they went on to have a great season with a record of 7-4-1, taking them to the States. They were the first Varsity Field Hockey team to have gone that far in the history of Wilde Lake.

During the season, the team had to play two games into overtime that led into stroke-offs. They lost one to Centennial 2-0; however, they won the second one, beating Atholton with a score of 3-1.

The girls almost had to forfeit one of their games to Poolesville because the game was played in Montgomery County, and that county's rules applied. Poolesville was losing 6-0 when at half time they informed Wilde Lake that their goalie must wear a face mask while playing, a rule that did not apply in Howard County. Rather than give the game to Poolesville, Wilde Lake played the second half without a goalie. Wilde Lake took the game 9-0, their biggest win of the season.

On top of the varsity field hockey team's outstanding season, seven of the girls made All-County. Nicole Hagen, Pam Waller, and Erin Grace each made first string. Making second string were Paula Storch, Helene Leonnig, Melissa Widen, and Kim Ostrowsky. Nicole Hagen had an exceptionally good season, scoring ten out of the twenty-three goals in the scheduled games and scoring the only two additional goals in the playoffs.

Wilde Lake took their first Regional championship 1-0 against Sparrows Point. When the team went on to the States, they played St. Michaels. Although Wilde Lake fought hard, St. Michaels won 4-1.

# A Year Of Dedication

The 1983 Wilde Lake Varsity Football team had a truly successful year. The season ended with an 8-2 record, and the players showed a great deal of team sportsmanship.

As the season progressed, the Wildecats suffered a loss to Howard, ending their chance of being first place in the county. After the loss to Howard, the Wildecats regained their strength and continued their winning record.

Homecoming weekend arrived and the team prepared to win its final county game against Oakland Mills. The Wildecats faced the greatest struggle of the entire season which ended in defeat to the Scorpions with a close score of 6-9. Even though the team and fans were disappointed, they will always remember this successful and exciting football season.

# Getting The Point Across

This year's volleyball team compiled a 4 and 10 record, placing 6th in the county. Leading the team in experience were seniors Deidre Baity, Maria and Janet Bland, Rhea Craigen, and Adriane Jemmott. Along with the seniors are the upcoming underclassmen with sophomores Kim Hann, Lisa Harp, Michelle Hacket and Margret Halstead, and junior Jenny Robinson. Coach Kim Rosado comments, "They are extremely talented, when they want to be."

# Girls' Varsity Soccer

This year's Wilde Lake Girls' Varsity Soccer Team was back on top after a disappointing 1982 season. Undefeated this year except for one tie with their arch rivals Oakland Mills, the Cats went on to win the bi-county championship.

Seniors Lisa Beale and Rachel Conaty were both named all-county players, as were a number of the other girls. With only two players graduating this year, the team is looking forward to another great season next year.

Coach Wright felt the team played extremely well this season. "The 1983 team was a joy to coach and work with," he stated.

The 1984 Cross Country Team was small and inexperienced, but worked hard and showed great improvement throughout the season. Members of the team were Mark Brown, David Dusterhoff, Kevin Gallagher, Geoffrey Pass, Greg Rowe, and Rhonda Bates. Rhonda was the only runner for the girls' team and made All County Cross Country Team. She is only a tenth grader, so this promises a strong start to the team next season.

# In Full Swing

*After completing the season* with a record of seventeen wins and four losses, Jim Marks, Chuck Farson, Chris Chapman, and David Vincent proudly display the county Championship trophy.

1983 was an outstanding year for the golf team. Under the coaching of Ms. Satterwhite, their record of excellence was enough to take the County Championship. The winning combination of Chris Chapman, Chuck Farson, Jim Marks and David Vincent then continued on to the District Championships where they faced one of their toughest matches of the year. In a very close battle against Arundel, the team was narrowly defeated by one stroke.

Chris Chapman, Chuck Farson and David Vincent, having three of the eleven best scores in the Districts, all qualified as top individual players and continued to the State Championships.

In two days of state final competition, Chris Chapman finished with a score of 208, David Vincent finished with a score of 175, and Chuck Farson finished with a score of 164, ranking him 13th out of 130 competitors.

# Fighting Wilde Cats

Led by captains Chuck Farson and Leonard Bluitt, the Wilde Lake boys basketball team ended the 1983-84 season with a 9-13 record. Senior John Jordon and junior Tony Boston are credited with high scores for the year.

Although the team's overall season was not as strong as the players had hoped, there were some exciting highlights that accounted for some breathtaking wins: with two seconds to go, Mel Thomas pushed the Cats over Poolsville with a jump shot, and when the Cats were down by two, with one second left on the clock, Leonard Bluitt's two free throws brought the team a tied score with Howard, which gave them the chance to pull ahead and win the game.

Even though the team had some trouble producing wins this year, juniors Cordell Johnson, Mel Thomas and Tony Boston are expected to pull the team up next year with their "talent to be competitive."

The girls basketball team, coached by Bob Nykyforchyn, finished with a 12-12 overall record for the 1983-1984 school year. While not living up to pre-season expectations the team's record still earned them a seed in the Regional competition, where they lost to Smithsburg in the semi-finals. The team was led in rebounds by Rhonda Bates, who made All-County first team and All-Metro. Team mate Laura Absalom made second team All-County. The team's county record was 8-6, placing them third in the county.

# Working For The Pin

This year's wrestling team finished the season with a 4-9 record, placing fifth in the county tournament. Leading the team was junior Leric Wood (187 lbs. weight class), who finished first in the county and regional tournaments. Wood finished the season 16-2. Also placing was junior Casey Hickenbottom (121 lbs.), who placed third in the county tournament and qualified for the regional tournament. Hickenbottom finished the season with a 10-3-1 record. Placing fourth in the county tournament were juniors Clark Collier (158 lbs.) and Joe Ellison. Ellison finished the season with a 7-5 and Collier with a 6-10. Seniors Chris Moss (115 lbs.), Jon Witherspoon (129 lbs.), Lew Woolford (135 lbs.), Tarik Taybi (141 lbs.), and Brian Graham (148 lbs.) provided the team strenth with their experience. Moss led the seniors with an 8-8 record. Sophomores Bobby Wills and Brian Righter will provide valuable experience in the upcoming years. Wills (101 lbs.), who finished third in the county tournament and qualified for the regionals, finished the season 10-7. Righter (108 lbs.) was forced to drop out due to illness, but still finished the season 10-6. Coach Richard Jackson comments: "I was satisfied with the team's progress this year. We had a lot of inexperience in the heavy weights, but they will come around next year."

The J.V. girls basketball team did very well this season, considering the fact that they almost did not have a team at all. However, with the help of coach Harry Hawkins, the girls came out and gave 100% effort. Their efforts paid off, too. The girls finished off with a 6-4 record overall. Not all the schools in the county carry a junior varsity team, so competition was not as diverse as it usually is. The team looks forward to next year when many of the players will be returning with more experience from this season.

# A Year Of Courage

This year's Lacrosse team compiled an overall record of 7-6, placing second in the county with a 5-2 record. The Lacrosse team also made it to the playoffs for the first time since 1977, but lost (7-1) in the first round to Northeast High School. The stick men were led by a strong defense of Seniors Mark Harrison, Bill Brinley, and Daniel Lazar backed up by junior goalie Doug Bjerkaas. Bjerkaas had 343 shots taken at him, and saved 242 for a 70 percent save ratio. Leading the offense machine was Senior Tim McConaghy. He earned a 40 percent accuracy ratio, making 22 of 55 attempted shots. Second in scoring was Junior Mike Maseritz, making 10 out of 48 shots for a 21 percent accuracy ratio, and the third highest scorer was Junior Pete Johnson, making 9 out of 29 shots for a 31 percent accuracy ratio. First year coach Rick Kincaid commented, "They are one of the hardest working teams I ever saw play at Wilde Lake. They worked well together as a team, and developed a very positive attitude."

This year's Varsity Baseball team compiled a county record of 9-5, placing third in the county and finishing the season with an overall record of 12-7. The baseball team made it to the playoffs for the first time in ten years, but lost 5-4 to Boonesborough High School in the first regional playoff game. Mike Mellett led the team in batting with a .378 batting average. "Pitching was our strength," quotes Head Coach Ed Ashwell. "We had lots of potential. They will remember this season for a long time."

# A Winning Season

It was a great year for the Wilde Lake gymnastics team. They placed first in one meet and second in the other three. With a second place in the Howard County rankings, team members Lauren Giargiana and Cathi Kinlein qualified to go to the regionals. Cathi Kinlein took first place in All-around in Howard County and first place in the regional competition. She was the team's most valuable player and Beth Meale was the most improved. The girls finished the season with a 9:3 record and Coach Nancy Janson had a lot to be proud of in their performances.

Team members for the 1983-84 season were Demille Richardson, Debbie Thelan, Lauren Giargiana, Cathi Kinlein, Beth Meale, Stacey Ainbinder, Maria Oesterreicher, Jeanne Warren, and Heather Fine.

The 1983-84 girls' varsity softball team was a young and inexperienced team, with no seniors and five sophomores in starting positions. The season was a difficult one, marred with injuries, illnesses, and poor weather, but an abundance of team spirit and a strong willingness to work hard and to improve made the season a profitable one for all involved.

Diana Everett and Jenny Robinson developed good pitching techniques and juniors Jana Kaplan and Laura Absalom were stabilizing factors in the infield at first and behind the plate, respectively.

With the emphasis on youth and developing experience during this season, the upcoming year looks good for this team. Coach Nick Zoulias exhibits great confidence in the ability and spirit of his team, and says "A strong willingness to improve and team courage are characteristics that will make this group a good team."

Poise, self-confidence, and a keen sense of balance are all important elements in any phase of gymnastics competition; these girls have mastered the combination.

# Rackets, Hurdles And Relays

The 1983-84 tennis team ended the season with a 10 - 4 record. The team was made up of a group of hardworking athletes, all of whom improved throughout the successful season. Most promising is the fact that leading the team to many of their victories were juniors Vince LasCasas and Diane Danielson.

Undefeated Diane Danielson was most definitely in a class by herself this year. She played in the state championship tournament and progressed further than any other student in Howard County. As a senior next year, Diane will be returning, hopefully for a new bid at the state championship and a higher national seeding.

Ethan Glick tries to beat his record in the high jump.

For the boys' and girls' outdoor track teams, the 1983-84 season proved to be a challenging one. The boys' team managed to hold their own during the season, with junior Carlton Pettway proving the county's finest long jumper and the state's fastest 100 meter sprinter. David Dusterhoff, Jon Beckham, Chris Smith, and Carlton Pettway were the seventh best-timed 1600 meter relay runners.

Unfortunately, the girls' team struggled through a tough season this year. Having only 6 members, the team was unable to win a full track meet, but did win several individual meets and group relays. The 800 meter relay team (Kristen Radden, Shelia Mathias, Renee Rasera, and Paula Richardson) was first in the regionals and fourth in the state . . a hard-won and hard-earned accomplishment.

Overall, the boys' and girls' outdoor track teams finished the season with many achievements to be proud of.

# CLUBS & ORGANIZATIONS

Student clubs and organizations are a vital part of high school. They provide the student with opportunities to apply knowledge learned in the classroom to activities which bridge the gap between academic achievement and community and social involvement. Such activities often prove to be the training grounds for future social and political leaders · · · allowing students to plan and implement their own ruling bodies, social activities, and service projects. This application of knowledge is accomplished through much hard work, a lot of fun, and a spirit of cooperation among students, faculty, and community.

# Spirited Wildecats

This year's cheerleading squad consisted of a green team and a gold team, which cheered singly and in combination for football, soccer, and basketball.

Because of the lack of a sponsor, there almost were no squads at all· · · but the girls were determined to make it work. Instead of waiting for a sponsor, they held practices and tryouts on their own. Fortunately, Mr. Dave Buchoff agreed to sponsor the squads and they proved to be a valuable asset to the winning spirit of Wilde Lake High School.

# On The Way To Broadway

## Monkey House

Satirizing an overly-controlled society, *Welcome to the Monkey House* was staged in the round in the fall of 1983 by an enthusiastic cast of Wild Lakers. A band teacher with altruistic vision, an opportunistic vendor of euphoria, a shop clerk, and a telephone operator are just a few of the characters portrayed by talented students. Some fine comic scenes were brought to life on stage, and another successful drama production was concluded with a sense of satisfaction in a job well done.

## Pippin

Wilde Lake's aspiring young actors presented *Pippin,* a play by Roger O. Hirson, as their spring musical this year. It is a play about a teenager named Pippin who was trying to find something meaningful and satisfying in life. He tried fighting holy wars, being king, sex, and finally found happiness with a wife and child.

The director of the production, Mr. Levy, engaged several professionals to aid in the staging of the play: Kevin McDonagh and Ray Hatch served as choreography coaches and Stevie Enzman served as singing coach. Other professional touches which added to the success of the musical were the costumes, which proved to be extremely colorful, and the special effects: fog fire, and an explosion.

The cast became very close during the months of rehearsal preceding the show. As Becky Racine put it, "It was an honor to be in *Pippin* because of the special people that were involved in it." Kath Wexler expressed, "I think we're all proud to be *Pippin* people."

The production of *Pippin* gets direction in lighting and props and from Sean Pringle and Mike Collins.

# Drama Produces Talent

Drama instructor Phil Levy has taught at Wilde Lake for four years, and in the course of those four years, he has developed an effective, in-depth drama curriculum for WLHS students. His classes range from beginning to advanced levels of drama.

Mr. Levy starts the beginners off by trying "to clean up bad habits. These may consist of awkward stage presence, poor articulation, or lack of concentration." In Drama I, emphasis is placed on becoming accustomed to acting, obtaining a feel for the stage, and portraying a character. These beginning classes are aimed at creating "an outlet for creativity and a place where people can vent their imagination and develop their talents."

Stage Craft is a more advanced course in which students must first learn the vernacular of the stage and only then are they allowed to design sets. Later they execute their plans in construction and production. Advanced drama courses strive for the students to learn more about styles of performing, as well as to anticipate one another's actions on stage.

All of these skills culminate in the drama productions presented each year by Wilde Lake students.

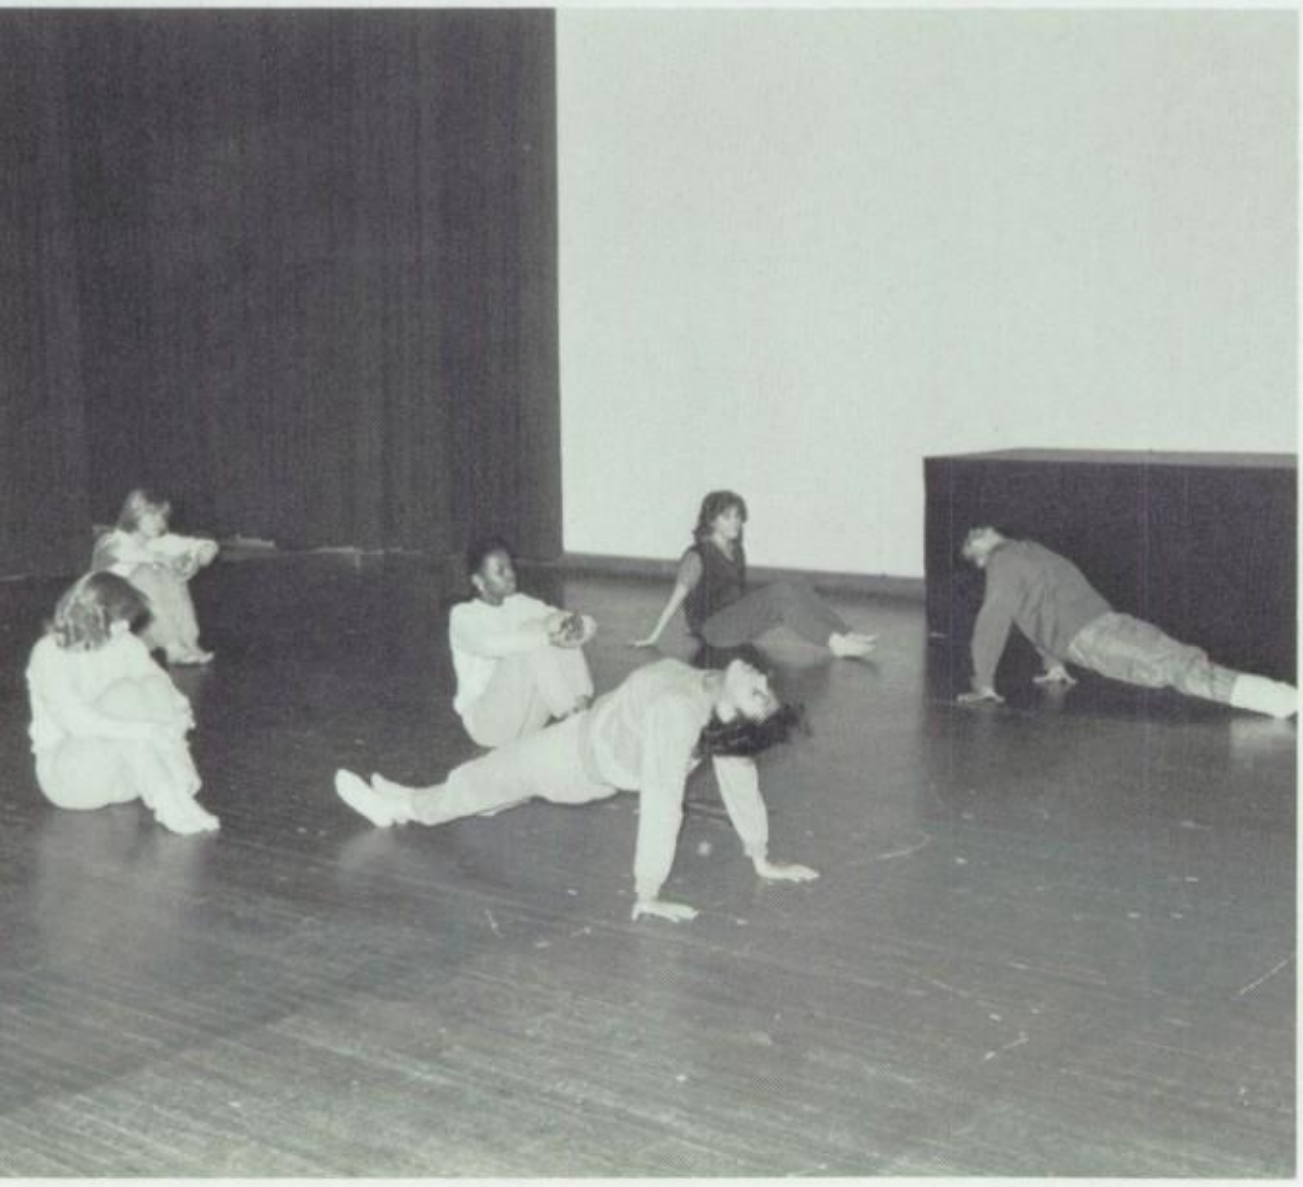
# Dance As An Art Form



The 1983-84 Wilde Lake Dance Class, taught by Mary Rubcynski, was open to anyone in the school—male or female. Emphasis was on modern dance, incorporating methods of space, time, and force. The class was designed to improve strength, endurance, and flexibility. The class presented two formal concerts as well as performing for assemblies. Performance was an option—not a requirement.

*Top Left:* Students practice dance combinations as they move across the floor.
*Top Right:* Toshia Heard practices a pose requiring balance and coordination.

## Chamber Ensemble

Three different types of bands performed at Wilde Lake this year: Wind Ensemble, Jazz Ensemble, and Chamber Ensembles. The premiere performing group was the Wind Ensemble, which gave concerts not only at school but at the district and state levels as well. It also performed as the marching band at home football games.

The Jazz Ensemble is a select group of musicians which performs music from the Big Band Era through that of modern jazz-rock. Like the Wind Ensemble, the Jazz Ensemble presented many school concerts. However, in addition to these concerts, it performed at several jazz festivals throughout the state.

Chamber Ensembles are smaller groups of musicians which perform a highly stylized and specific type of music according to the instruments played by each group.

# All Voices Ringing

Wilde Lake's vocal ensembles have always been known to exhibit excellence in their work, and this year was no exception. Under the brilliant direction of Mr. Fred Brisco, these choral groups blossomed and prospered to become not only good vocal musicians but also an international success.

These ensembles have spring and winter concerts for the enjoyment of friends, family, the student body, and the faculty. They also compete in state-wide competition, known as adjudication, where they received perfect scores.

This year Wilde Lake's Madrigals, Choir, Key Chordinators, Barbershop, and Beautyshop traveled to Montreal to compete in international competition. Each group captured first place in their division. On top of that, Helen Gallagher received a first place award for best soloist, and Shelly Burgess received first place for best accompanist. The ensembles also won an overall award for the best vocal group.

# Memories Made Permanent

This year's yearbook staff consisted of nineteen people, fifteen of whom are newcomers to the staff. Sponsor Terry McKay replaced yearbook teacher Mary Block, who left Wilde Lake mid-November to have a baby.

Last summer *Glass Hour* editors Amy Shulik, Sharon Hughes, and Michelle Warner attended a yearbook workshop in Williamsburg, Virginia, to widen their knowledge of book production and publication. This is Amy's second year as editor and her third year on staff. When asked why she enjoys the class so much, Amy replied, "A yearbook is a permanent memory of all our high school experiences, and I want to help the students remember them."

*Below:* Editors Amy Shulik and Sharon Hughes confer on page lay-out for the yearbook.

# Pawprint Production

The "Cat's Eye" photographers club was new to Wilde Lake this year. Three photographers, under the supervision of English teacher Jerry Berkowitz, took pictures for the school yearbook and newspaper. They did some of their own developing also.

The *Pawprint* staff, also instructed by Mr. Berkowitz, was made up of journalism students who worked together to put out six editions of the *Pawprint,* the school newspaper, during the year.

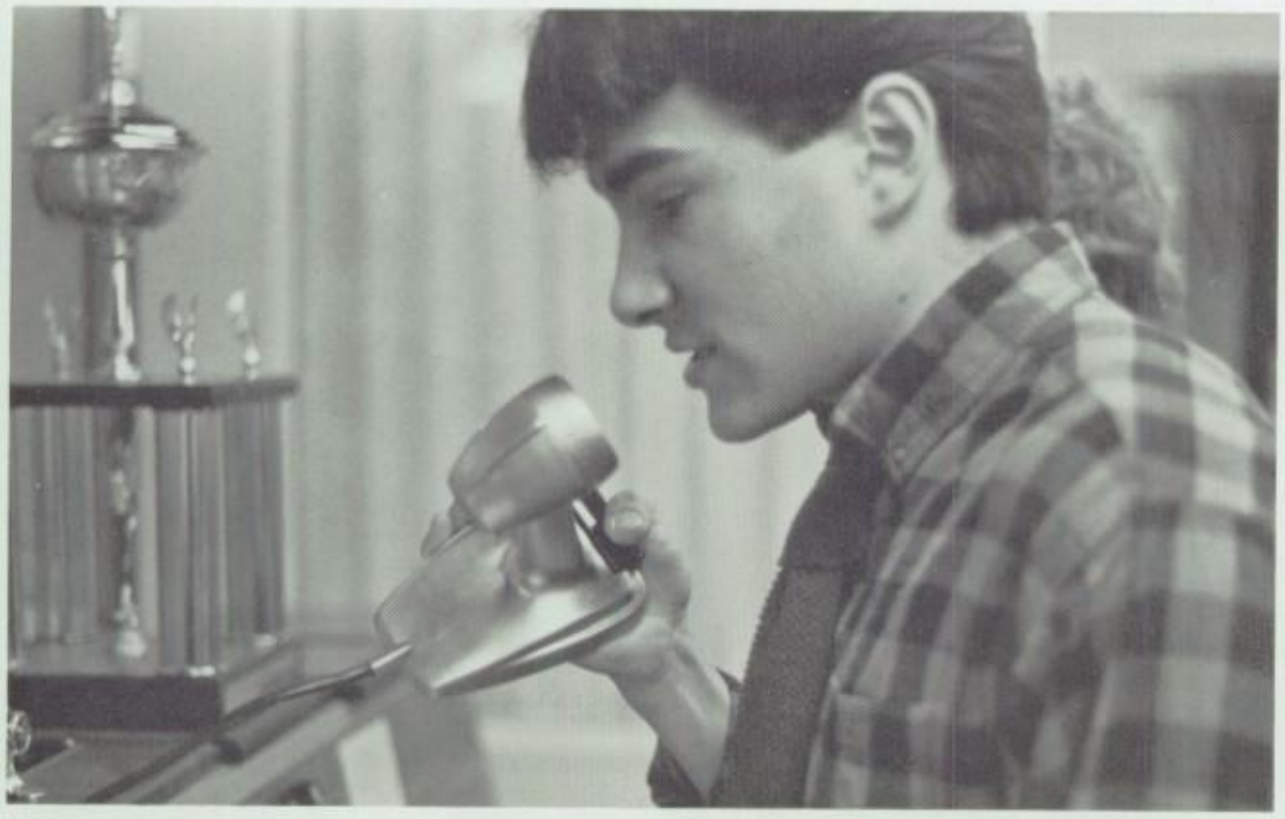
A tapestry is a creative work of art. It is from this word that the Tapestry Club has derived its name and the name of the literary magazine it produces. Works submitted to *Tapestry* are evaluated by *Tapestry* staff members much in the same manner as with an actual publication firm. Each work is read by staff members and voted on as to its acceptability for publishing.

Punlishing a literary magazine is expensive and *Tapestry* is no exception. It costs $4.00 to produce each magazine. In the past, the magazine was available free of charge to students and faculty. However, with rising costs, the club now charges $1.00 per magazine and subsidizes the remaining $3.00 through fund raisers.

A great deal of time is spent on typing and on lay-out. All work is done by staff members after school on their own time. No academic credit is received for their efforts—only the satisfaction of providing an outlet for aspiring student writers through a creditable literary magazine.

# Good Morning . . . . Wildecats!



The morning announcements are faithfully delivered each and every morning by a quartet consisting of Gene Bradford, known to all as "G.B. Trivia," Danny Villasenor, Kathy Kinlein, and Aime Kish.

The team provides students and faculty with useful information concerning school affairs and, although many may not realize it, a great deal of preparation is required for delivering the school announcements. Grene Bradford's trivia and Danny Villasenor's daily "jokes" are carefully researched to provide a touch of light entertainment. Amy Kish leads us all in the Pledge of Allegiance, and Kathy Kinlein enlightens us with school news.

# It's academic

## WILDE LAKE

It's Academic team members Kamala Sundaram, Stephen Deets, and John Overdeck received their scholarship award from the Giant food store representative as competition sponsor Mr. McGarrity and team sponsor Geri Willis look on.

The It's Academic Team, headed by Coach Geri Willis, consisted of three outstanding students: Kamala Sundaram, John Overdeck, and Stephen Deets. The three members were all novices to the team, yet they proved themselves not only to Coach Willis, but to the metropolitan Baltimore area as well. They placed sixth overall out of 72 other teams.

Coach Willis drilled the team at practices by using questions from trivia books and from stumpers used in previous meets. Whatever the method of study and drill, the team earned the respect of its school as well as its competitors.

# Math Team Takes First

*Back row:* Bobby Colker, Russell Barch, Aaron Meskin, Chris Ellison, John Overdeck, Stephen Eigles, Bruce Davis, Phil Pippenger, Mr. Koppleman *Middle row:* Mark Levine, Jim Scott, Stephen Deets, Charles Sarner, Zara Weng. *Front row:* Rebecca Sokolovsky, Cindy Berman, Lisa Brody.

There are two major, independent math leagues in which the Wilde Lake High School Math Team competes. One is the Howard County Math League, which has only county high schools participating, and the other is the Maryland Math League, which has about 80 high schools from around the state competing in it.

The Maryland Math League has one competition each month, for six months. This year Wilde Lake High School finished in undisputed first place in the state, defeating second place Eleanor Roosevelt High School in Prince George's County and Centennial High School, which only finished fifth.

Three of Wilde Lake's students finished among the top 20 individual scorers in the state. Chris Ellison finished in eleventh place. Kamala Sundaram placed sixth in the state. John Overdeck was the highest scoring student in the state of Maryland, missing only one question all year long.

This is the first time that any Howard County school has taken top honors in this statewide competition.

# Chess Team Moves Ahead

*Back row:* David Leibowitz, Mr. Schumacher, Stanley Green, Ken Bidun, Mr. DeGennaro. *Front row:* Phillip Johnson, Aaron Meskin, Jon Eisner.

The Wilde Lake Chess Team has always done well in the past, and this year proved no exception. The team placed second in the county, losing to rivals the Centennial Eagles by one game. At the county meet, End of the Year Tournament, Phillip Johnson and Arron Meskin finished as first runners-up, with team mate John Eisner placing a close second. The team consisted of 7 members, led by Mr. Shumucker, competing in 15 games per season. Next year will be a rebuilding year for the team, since 4 of the 7 members are seniors. "Some day I hope to see the chess team as a major spectator sport at the same level as the football team," quips senior, first board, Arron Meskin.

# S.G.A. Is Students In Action

The Student Government Association plays an integral part in the workings of Wilde Lake High School. Elected for a one year term by their peers, they spend many hours in meetings, planning and preparing for activities that will benefit the student body and provide for fun times together as well. This year the S.G.A. began the year with a humorous orientation skit presented to the student body. The skit concerned a frustrated freshman and a laid-back senior during a *typical* year at Wilde Lake.

There were many activities which the S.G.A. planned for the 1983-84 school year and many others in which they participated. Some of those projects included Black History Week, faculty breakfasts, the Hawaiian dance, and Almost Anything Goes. A great deal of credit for a successful year must go to the hardworking members of the Student Government Association.

*Top:* S.G.A. sponsor Mary Keath discusses meeting agenda with S.G.A. president Melissa Widen.

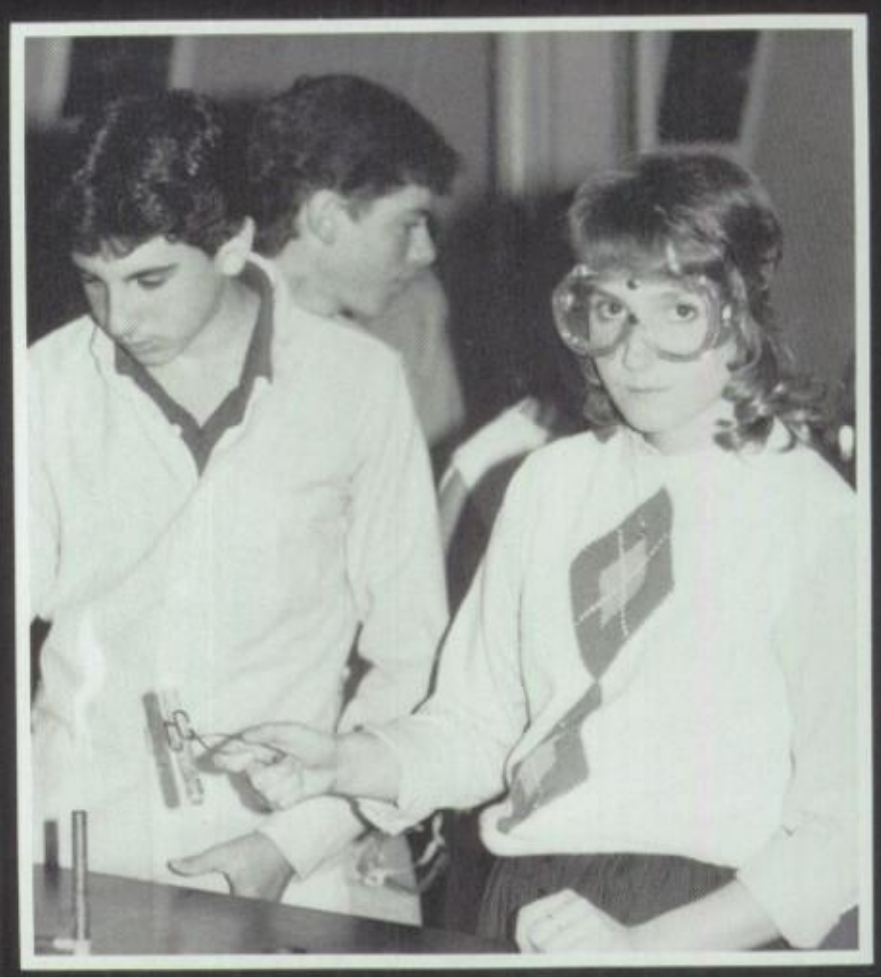
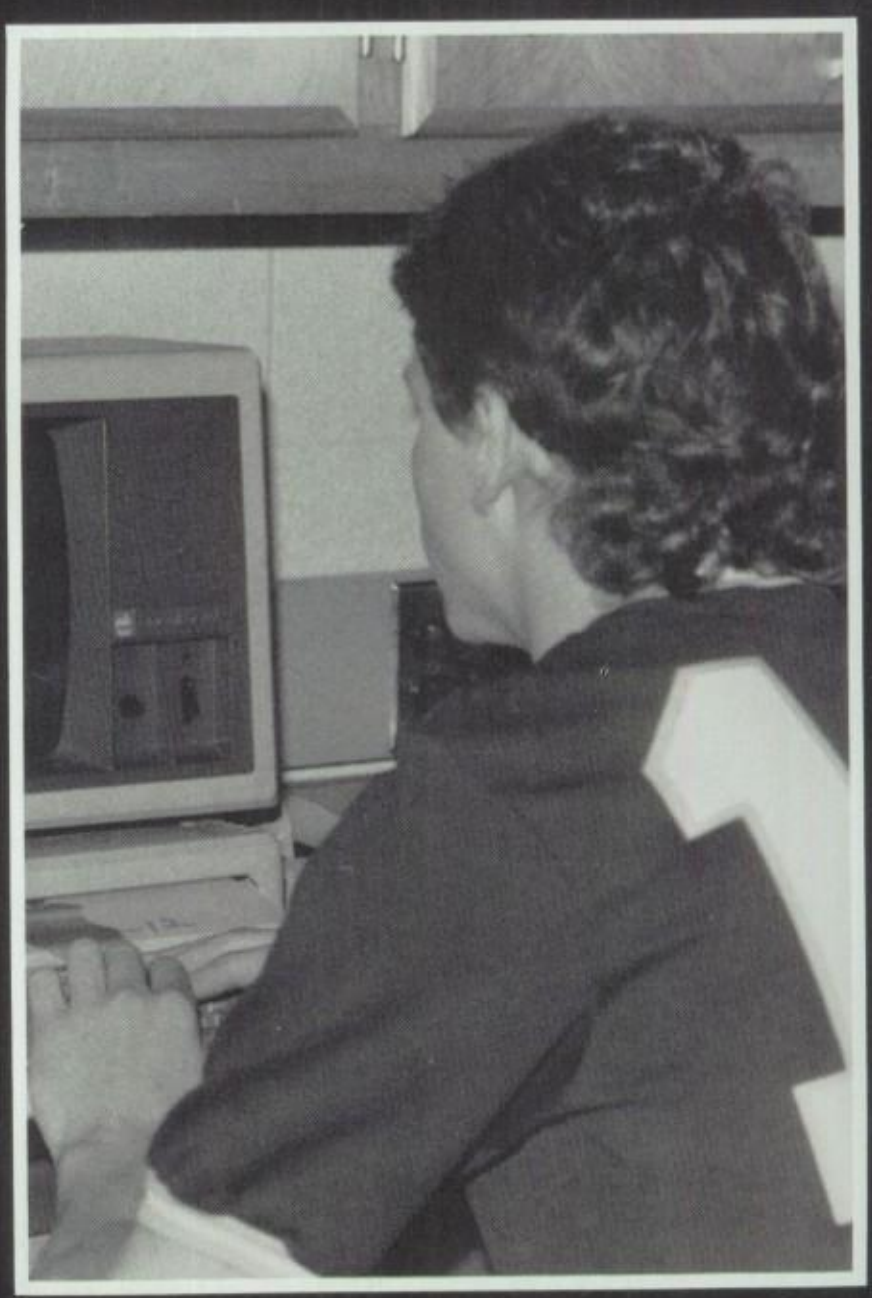
# THE BEST





# OF TIMES IN ACADEMICS

Some students are active in sports and some participate in clubs, but the one thing all students have in common is academics. The Howard County Board of Education requires each student to earn a minimum of 20 credits for graduation. Of these, 4 must be English, 3 social studies, 2 science, 2 math, 1 physical education, and 8 may be electives.

Wilde Lake students work hard in order to achieve the continuous progress required to earn credits in the segment system. For some there is an advantage in the "C" average required to earn credits, but for others it means the dreaded retest. All objectives must be met satisfactorily before progressing to the next level of learning.

Teachers strive to make their courses interesting and fun. To break the monotony, field trips are planned and presentations by visiting lecturers are made. Methods of teaching and learning are as varied and interesting as the student body and faculty itself.

However, the learning is accomplished and the academic achievements provide the foundation upon which we all build further learning experiences.

# Administration And Guidance

PRINCIPAL DONALD MATTHEWS
VICE-PRINCIPAL ROSALIE BOWEN
VICE-PRINCIPAL DAVID BUCHOFF

Providing the necessary leadership and role model for Wilde Lake High's administration is Principal Donald Matthews. His total immersion in the daily and nightly activities of the school is evidenced through his presence at most school activities, his personal interest in students and their progress in all areas, and in his accessibility to teachers, students, and parents alike. It is fortunate that Mr. Matthews is backed-up by dedicated administrators like Vice-principals Rosalie Bowen and David Buchoff, who help ease the leadership burden by supervising student activities, teachers' substitutes, building use and appropriation, and many other time-consuming, necessary tasks vital to the continued success of Wilde Lake High.

These vital tasks could not be met without the aid and support of knowledgeable and efficient secretaries. Wilde Lake, fortunately, has just that in Theresa Farson, secretary to Mr. Matthews. Anyone who wants to know anything about the workings of the school first goes to Ms. Farson . . . or any of the secretaries in the front office: Inez Curtis, Edith Rowe, and Eleanor Jose. These dedicated ladies often work long past the end of the school year and into summer to organize and insure a meaningful new term for the next fall.

*Clockwise from center left:* Busy at work are secretaries Edith Rowe, Theresa Farson, Eleanor Jose, and Inez Curtis.

*Top row:* Counselors SAM NISSEN, CONNIE ROBINSON, and NORA SCANLAN
*Center:* Counselors Nora Scanlan and Sam Nissen confer on one of the many student problems they confront.
*Left:* Counselor's secretary Mrs. Rose Grier

Wilde Lake's Guidance Department consists of three counselors, (Mrs. Robinson, Ms. Scanlan, and Mr. Nissen) and the counselors' secretary, Mrs. Griesser, who calls herself the students "Second Mother".

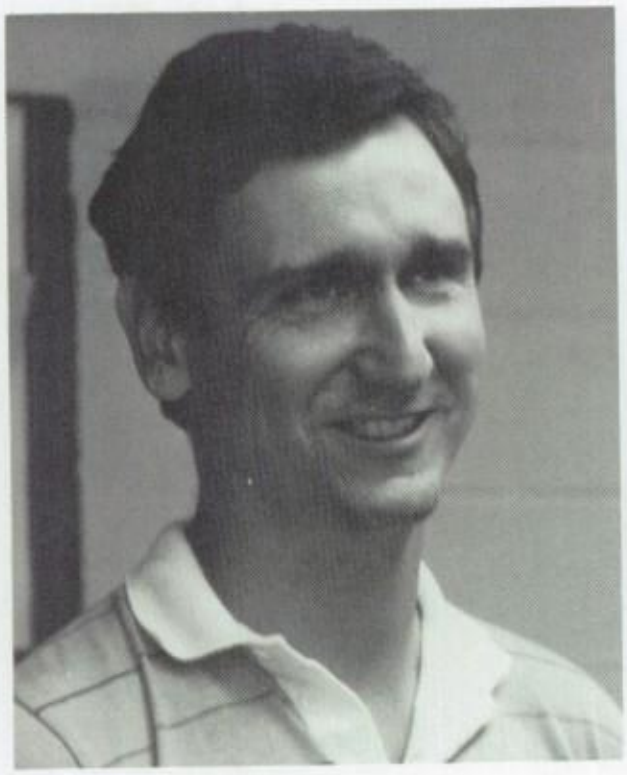
Each counselor is working with students from designated advisor groups, providing help with scheduling and academic problems, as well as counseling for attendance and behavioral problems.

Mrs. Connie Robinson proclaims herself "A Teddy Bear when it comes to listening," and stresses working one-on-one with students. She organzies black groups such as "Black Awareness" and has taken many groups to visit Black colleges. She says counselors and counseling help people grow.

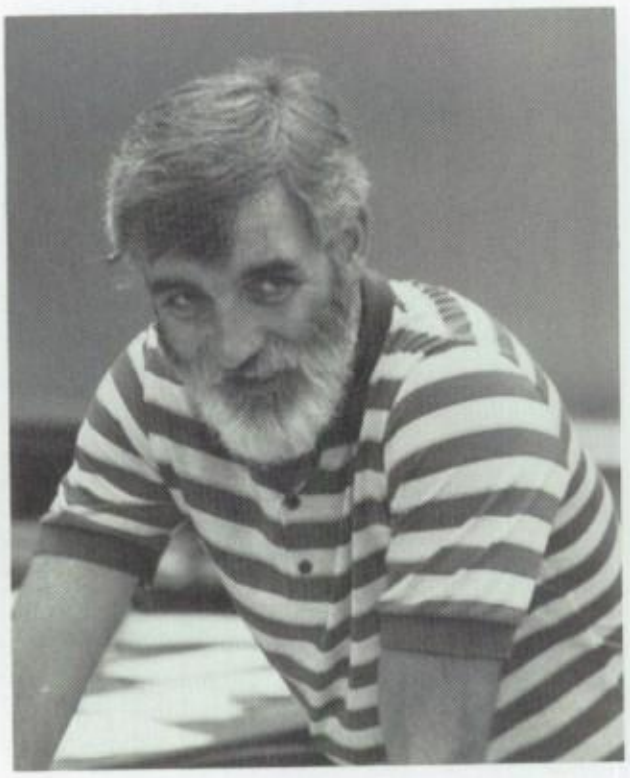
Nora Scanlan, in addition to helping students with problems related to high school, provides guidance for students planning to attend college. She thinks of herself as someone who is always there to help.

Mr. Sam Nissen, in addition to being a WLHS counselor, serves as the Wilde Lake tennis coach and as a writer for the *Columbia Flier* as well. He seems to sum up the Wilde Lake guidance philosophy when he says, "Most people like to make progress. Just like the turtle, you don't move forward unless you stick your neck out. We encourage student to go for the best."

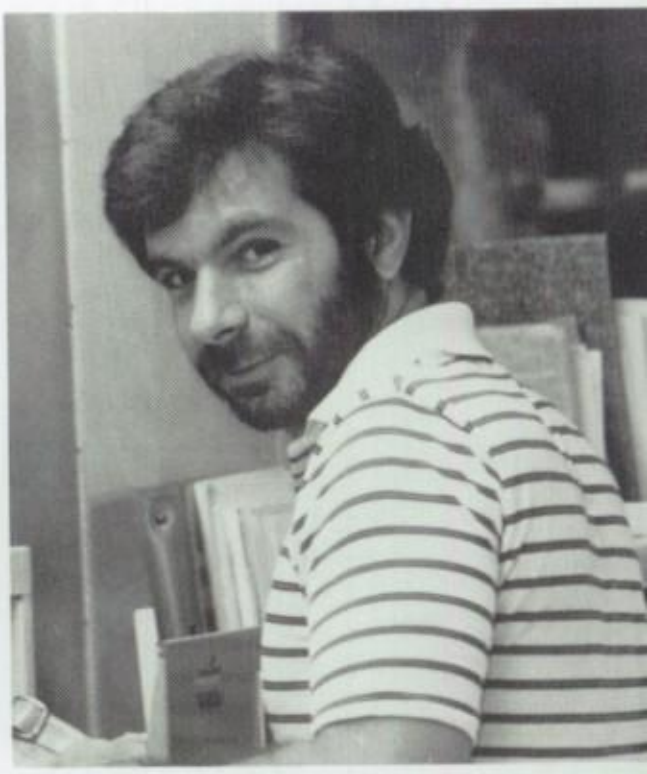
# Social Studies



RICHARD WRIGHT



GERRY CONLON



MICHAEL CIMEROLA

MARIE CAIN

The Social Studies Department at Wilde Lake offers an exciting curriculum with a wide range of courses, from basics to Advanced Placement. The teaching methods used are as varied as the courses themselves.

A popular course this year was psychology, taught by Mrs. Pigo and Mr. Cronin. One activity which contributed to its popularity was the preparation of a marriage ceremony. Students were required to prepare a budget for a wedding, including the cost of flowers, hotels, honeymoon, rings, catering, and even invitations.

Social studies deals with a constantly changing area and it is important that everyone is aware of the values taught through the Social Studies Department. It teaches us of our past, involves us with the present, and prepares us for the future.

In an Advanced Placement (AP) course, the students can receive college credit and high school credit at the same time. The Social Studies Department at Wilde Lake offers two AP courses: AP American history, taught by Mr. Wright, and AP European history, taught by Mrs. Cain.

Mr. Wright's AP American history class did extra research at the Library of Congress in Washington, D.C., and Mrs. Cain's AP European history class spent a day at the National Museum of Art.

Students who participate in the AP course are highly motivated and are required to do in-depth independent research in these courses. This extra work is designed to help ease the transition into college work.

Science is a vital part of our lives and that fact is reflected in the curriculum offered by the Science Department at Wilde Lake High School. Offerings range in degree from basic sciences to chemistry, astronomy, and Advanced Placement (AP) classes in many fields.

Seeing is believing and that is just what the Science Department is all about. This year it meant a trip to the Air and Space Museum in Washington, D.C. for the physics classes and making lollipops for the chem study students. Labs, a part of each science class, provided hands-on experience for students: mixing chemicals, testing the laws of nature, and, for AP biology students, dissecting pigs for a study in anatomy.

The study of the various sciences can be an exciting adventure and Wilde Lake's Science Department works hard to make it just that.

# English Is A Must

The English Department is the largest department at Wilde Lake. Students must have four years of English credits to graduate, and the teachers make sure the students get the most out of all four years.

No matter what a student's level of ability, the English Department provides the appropriate instruction. The various levels offered include focus, developmental, composition, literature, journalism, yearbook, and advanced placement courses; all are designed to fit the needs of individual students.

English is a subject that permeates every aspect of our lives, and Wilde Lake's English Department works with it on all levels to prepare each individual to cope with it in his day to day life and in his special interests.

This year the English Department designed a new program to benefit students' needs. Jerry Berkowitz and Andrea Almand together designed the course Lit/Comp IIID. The course is somewhat unique to Wilde Lake, as it is the first English class taught by two teachers. Each class contains at least forty-five students. This may not seem like a large number for two teachers, but it has proven to be a task! The new program is a combination of literature and composition divided into twelve segments, all of which the student must master.

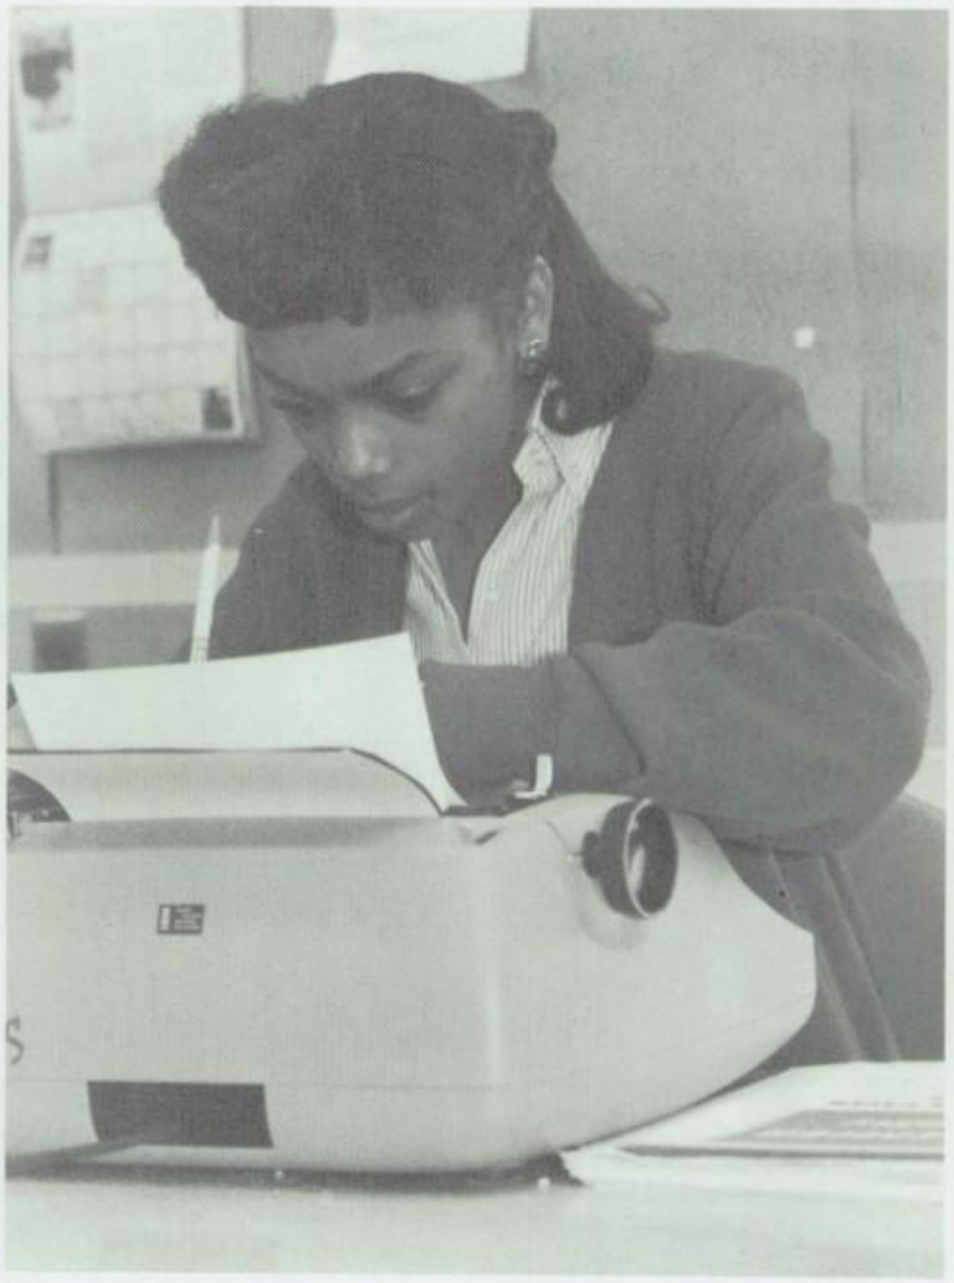
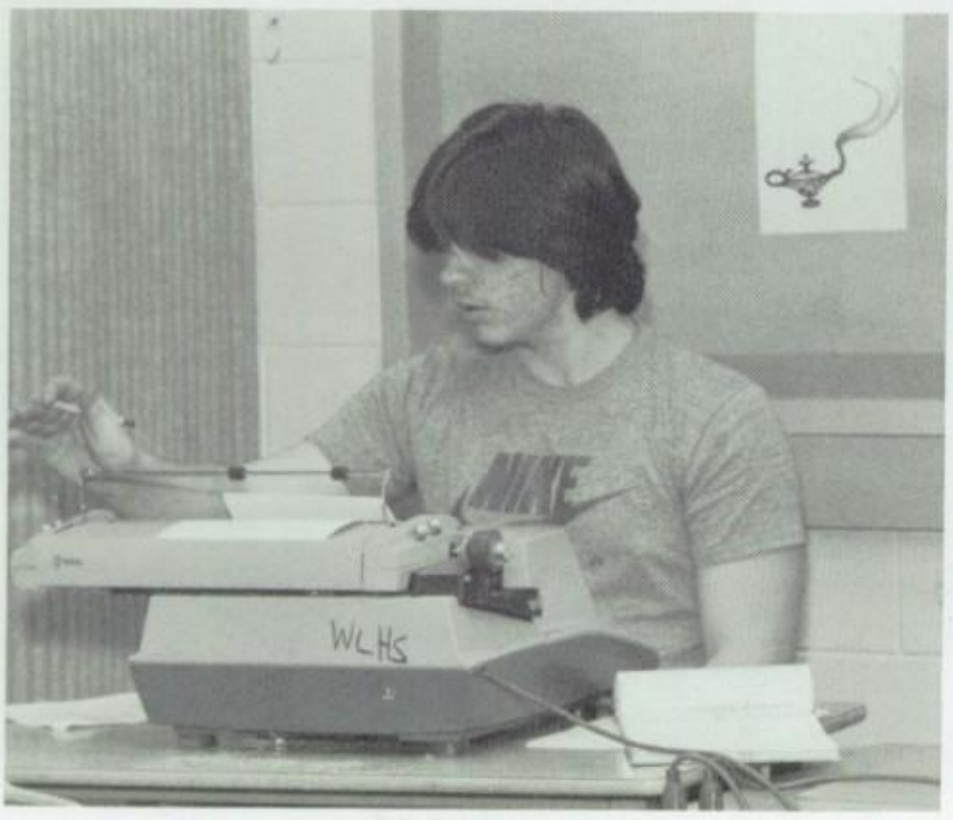
Tamathia Moore

Students who are successful in the "outside" world of business are always a valuable asset to the Business Department. Tamathia Moore is just such a student and has put the skills learned in classes at Wilde Lake to good use. She recently received a job at the Rouse Company, making twice the minimum wage. Two business courses were required for the job and Tamathia more than met this criteria.

Tamathia plans to continue her job through the summer and on breaks from college. She will be attending Towson State University where she received a Financial Aide and Work Study Program Scholarship. She also received an American Business Woman Association Scholarship, Jack and Jill of America Service Recognition Award, an Alpha Kappa Alpha Sorority Scholarship, Delta Sigma Theta Sorority Scholarship (which is renewable), and a Senatorial Scholarship from Senator Yeager.

When Tammy was asked her feelings about this recognition of her achievements, she replied, "I'm thankful for the encouragement from my teachers to enroll in business courses and to stick with the business program."



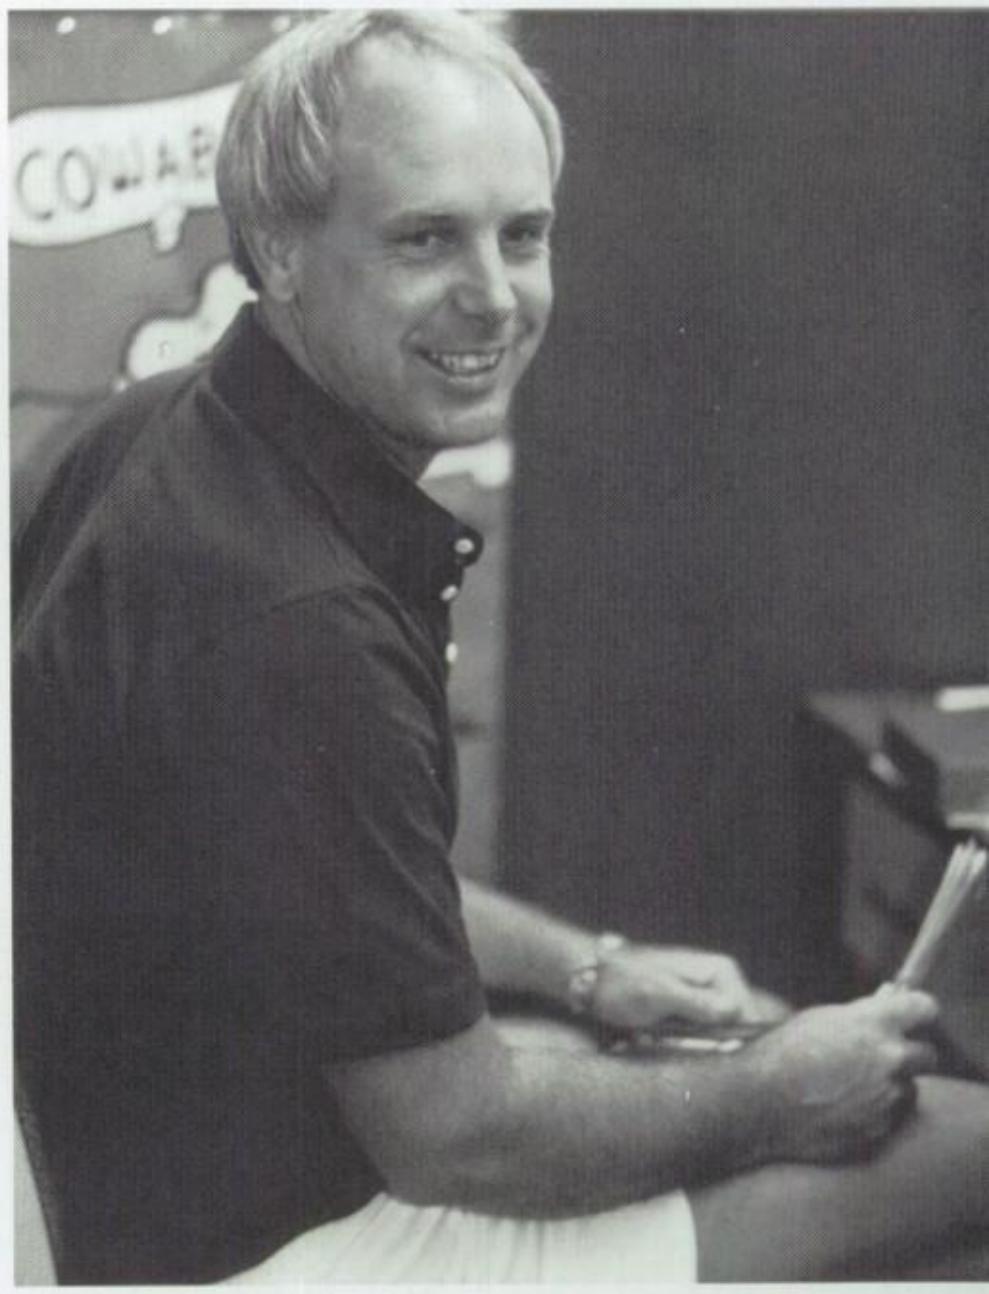


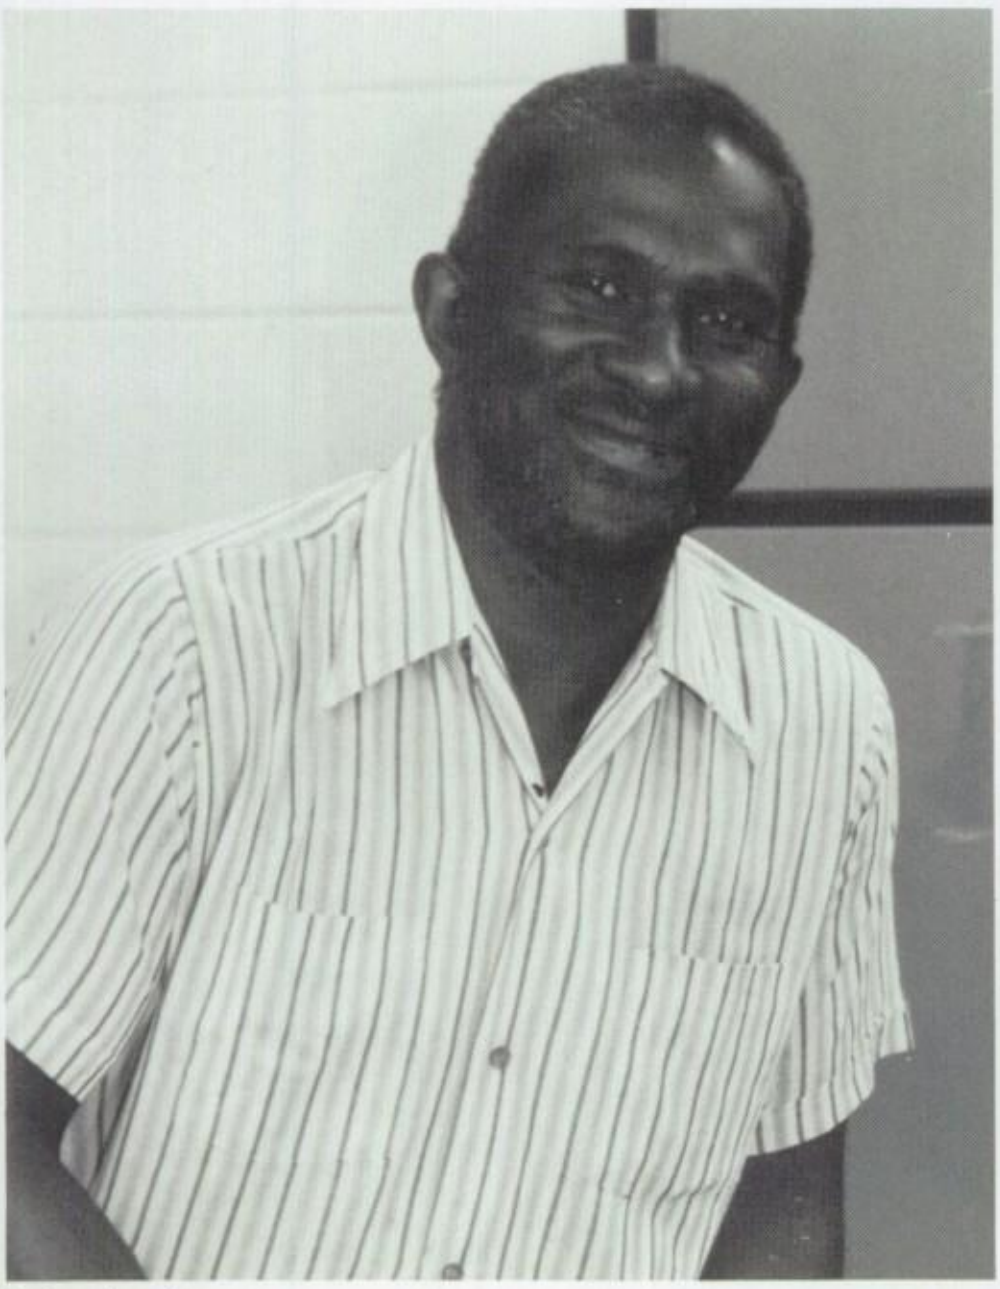
Typing students work diligently to correct errors. There is no room for mistakes in the business world.

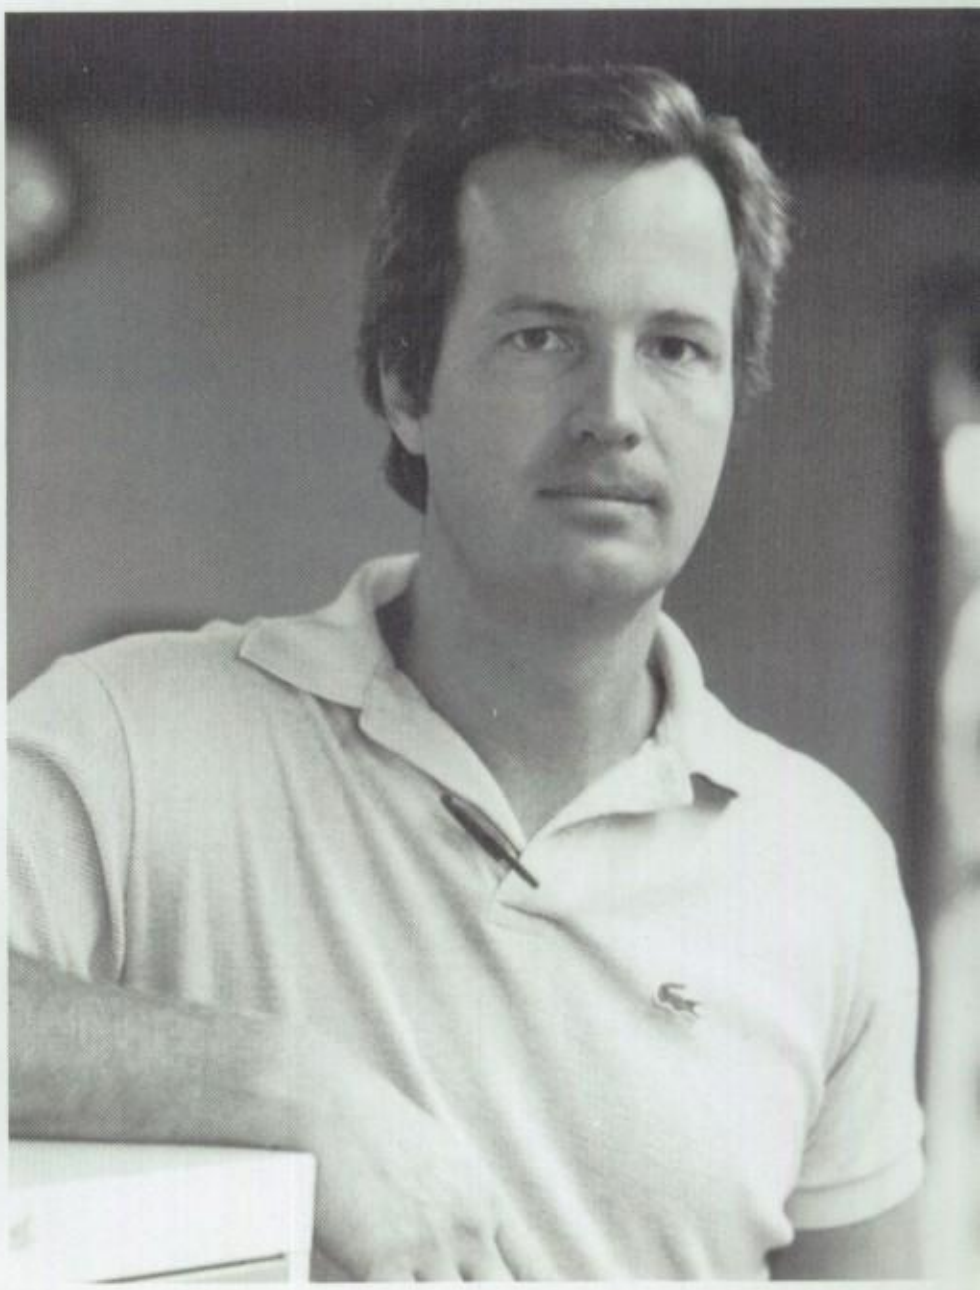
# Hobbies For Homework

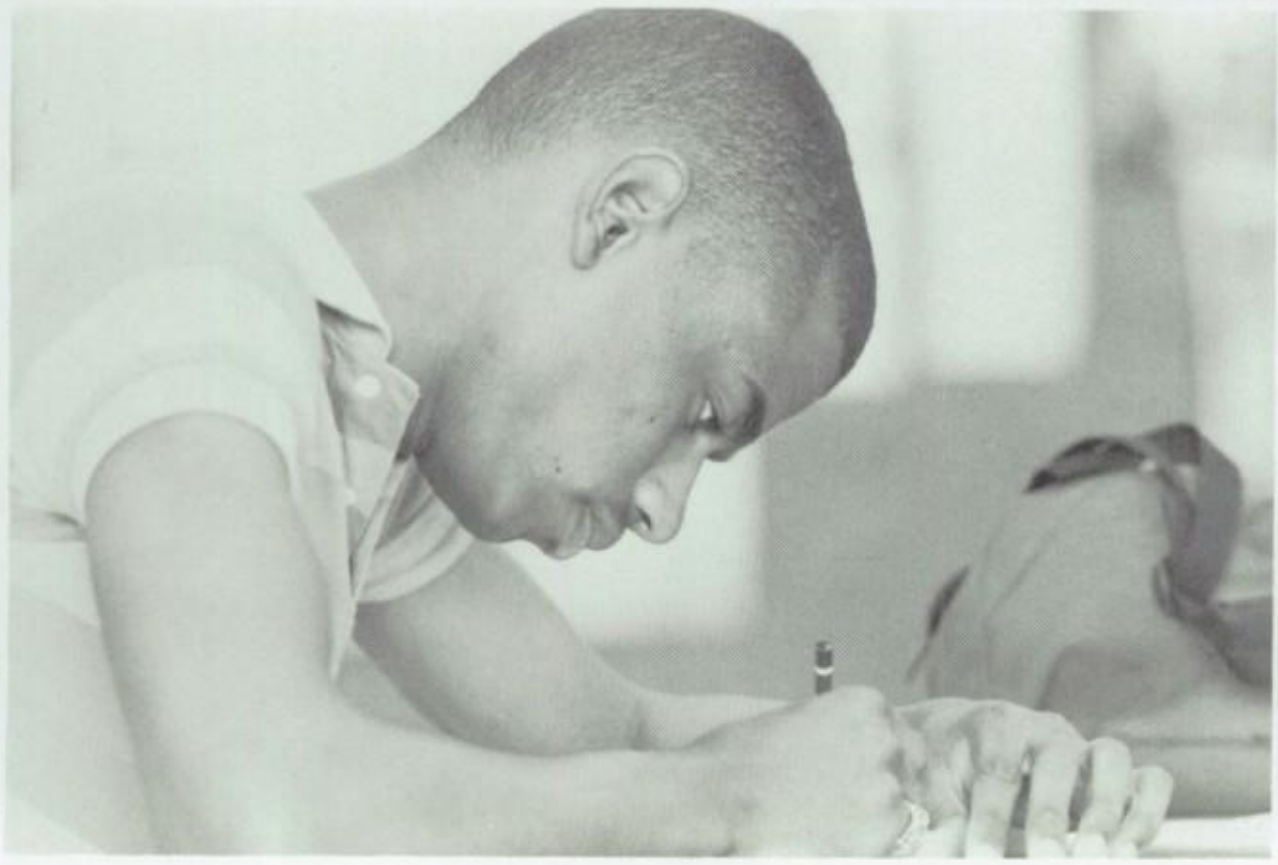
Wilde Lake houses a very fine shop and art facility. This year woodshop, metal shop, mechanical drawing, jewelry, electronics, and art studio have been offered. These courses offered students the ability to gain an elective credit through their own creativity. Bruce Woodward, art instructor, selected some of his classes this year to make a new set of large colorful plaques that help students to locate the different departments around the building. Chuck Venable, shop instructor, has been with W.L. for ten years. He offers a very open curriculum: out of a possible eight woodshop segments, only four are required; the rest are left up to your imagination. J.T. Abercrombie, jewelry instructor, in his first year at W.L. has made a real hit with the students. Through his class, students trained on special machinery during school hours and made a wide variety of jewelry for themselves or friends.

*Left:* CHUCK VENABLE, shop instructor
*Below:* J. T. ABERCROMBIE, jewelry instructor
*Below right:* BRUCE WOODWARD, art instructor









Just as in more traditional academic classes, shop and art classes require attentive listening, group work, note taking, individual and group instruction, and, yes, even studying. Working with machinery, special materials, and individual creative skills takes concentration and preparation . . . activities with which these students are familiar.

The Foreign Language Department contributes a great deal of effort to make the learning process easier and more exciting for Wilde Lake High students. Each year foreign language teachers try to arrange several trips to countries which exemplify the cultures and languages studied in classes.

This year, Mr. Nykyforchyn, the Spanish teacher, arranged a trip to Mexico for April 12 through April 29. The tour group consisted of 11 students, of which 4 attended Wilde Lake. Those adventurous Cats who took the plunge into the exciting world of Spanish culture are Laura Absalom, Carolyn Ancona, Rhonda Bates, and Diana Everett.

# Media Center---Something For Everyone

Truly, in more ways than one, the media center is the center of our school. An open spaced area located in the central core of Wilde Lake's building and placed midway between the first and second floors, the media center provides a great many services to Wilde Lake students, faculty, and staff. Help with material needed for that all important research paper or class presentation; recommendations of a good book to read, whether for class or for pleasure; lessons on how to take pictures and operate a camera; someplace to study, alone or with friends, with a comfortable and welcoming atmosphere . . . all these things and more are offered in the media center.

# Academic Honors

Principal Don Matthews addresses the Academic Awards Assembly.

At the close of each academic year comes the time to honor those students who have distinguished themselves through outstanding aptitudes and accomplishments in specific areas of study or service. Such honors range from scholarships to recognition for Distinguished Scholars and National Merit Finalists to awards for services rendered. The students who receive these awards have been carefully chosen for ability, dedication, and accomplishments.

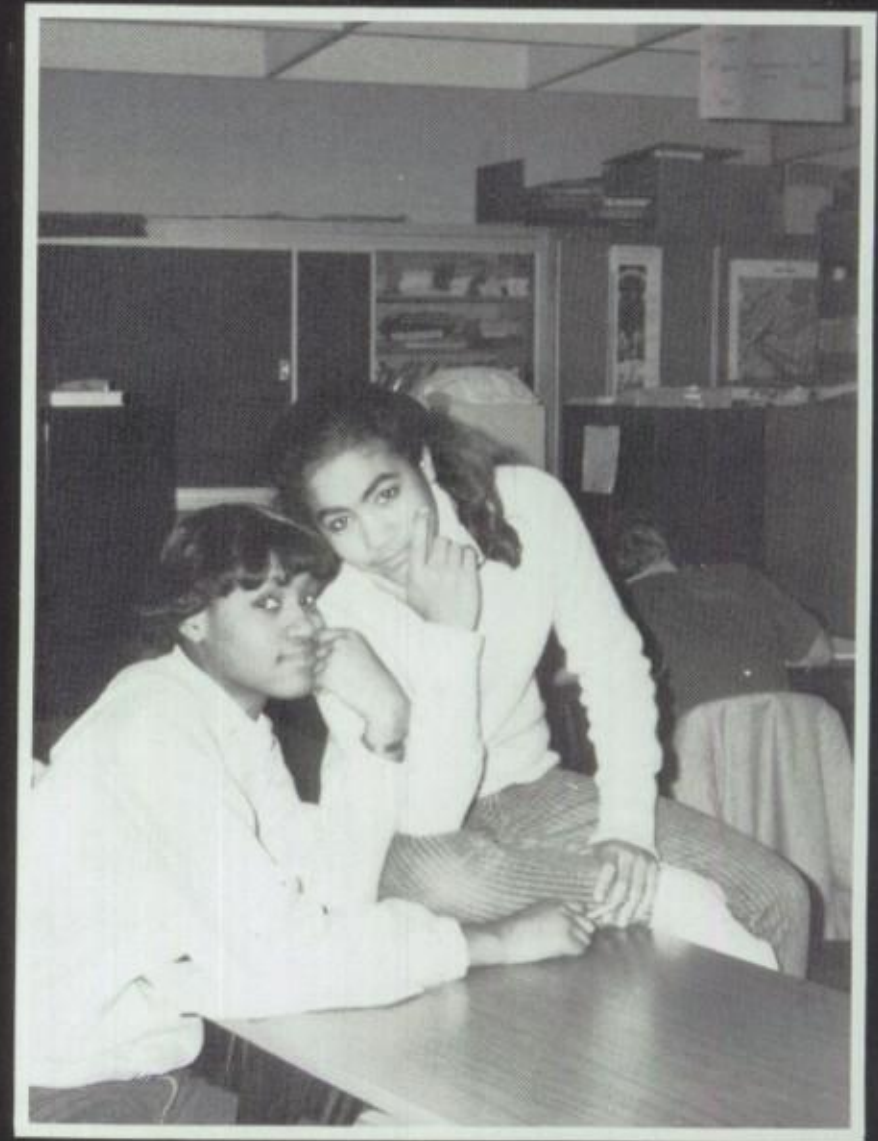
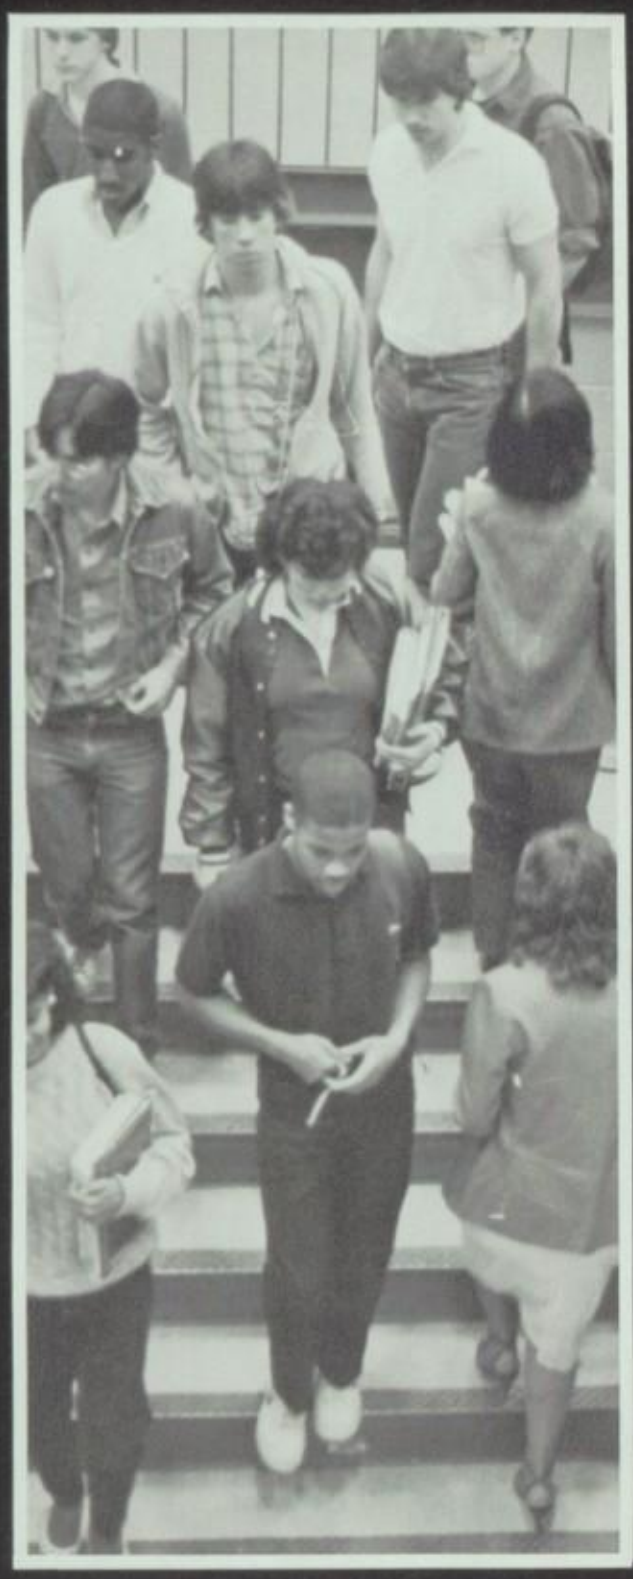
# THE BEST



# OF TIMES WITH PEOPLE



Upon entering Wilde Lake, each student is informed of the school's uniqueness. One factor contributing to its individuality is the students. Being one of two Columbia schools, Wilde Lake's students are representatives of Columbia itself. Coming from all ethnic backgrounds and economic levels, Wilde Lake students unite to form one student body.

Each student at Wilde Lake is unique. Each possesses different talents, abilities, and personalities. Students working together teach each other. Through this, friendships are formed. These friendships and people make the years spent at Wilde Lake the best of times.

# Senior Class Council

The 1984 Senior Class Council had a successful and enjoyable year, one in which they sponsored and shared a lot of fun times. Some of the memorable events they planned and made possible were Homecoming, the Winter Dance, Prom, Class Night, and the Senior Breakfast. Working toward these activities took a lot of time and money. Funds were raised from sweatshirt sales, dances, and from previous fundraisers. The time was donated by seniors looking forward to graduation and determined to make 1984 the best year ever.

Clowning around in the media center are Senior Class Council members Chris VanBuiten, Helene Leonig, Pam Waller, Bill Brinley, Eric Ebersole (sponsor), Lori Iseri, Margi Maseritz, Suzi Gardner, and Sharon Hughes. *Not pictured:* Kara Ozehaski, Ken Bidun, Erin Grace, Kim Ostrowsky, Julie Smith, and Bruce Nelson

# Freshman Class Council

The Freshman Class Council is the freshmen's first exposure to the workings of student government within Wilde Lake High School. Under the supervision of Mrs. Bayton and Ms. Hamilton, the 1983-1984 council consisted of eight members, all of whom were elected by their peers. The purpose of the council is to provide leadership and promote a feeling of unity within the freshman class. This year it worked toward its goal with the sale of Wilde Lake shoe laces and pennants, an activity which served not only to raise funds but school spirits as well.

# Freshmen Cut The Ice

Barbara O'Neil, Mary Pollick, and Anne-Marie Dinwoodie spent the 1983-1984 school year cutting pretty figures . . . . on the ice, that is. Each of the girls belongs to the Columbia Figure Skating Club and spends an average of 10 hours a week practicing her sport.

All 3 of the girls have been in competition and each has earned a bronze medal for her performance. In addition to competing, the girls also performed in the Columbia Figure Skating Club's annual show at the Columbia Ice Rink.

Barbara, Mary, and Anne-Marie are devoted to their sport and it demands a great deal of their time. However, they all agree that they like the challenge and the opportunity to attain their own goals. They enjoy meeting people at competitions and shows - - - a definite plus for their social lives.

Developing and refining a talent takes time and dedication along with a lot of hard work. These three freshmen girls represent only one of the many and diverse talents of Wilde Lake students. Their talents and performances reflect upon Wilde Lake and the accomplishments of its students . . . . . accomplishments of which we can be proud.

# Sophomore Class Council

The Student Government Association (S.G.A.) at Wilde Lake provides the student body with leadership, and the Sophomore Class Council is an important part of that leadership. It is composed of sophomores elected by their classmates to represent them and to present their ideas to the S.G.A. These ideas may then be used toward a school project.

In their second year of high school, sophomores are often more willing to express ideas and preferences than they were as freshmen, and this year's advisor, Tara Eisenhauer, has encouraged the participation and the enthusiasm of the Sophomore Class Council.

# Junior Class Council

The Junior Class Council is made up of ten juniors who have been elected by the rest of their class. Students get on the ballot by getting petitions signed by other students in the school. Once on the council, the members volunteer for the positions of president and council representative.

The class council's activities require much planning, so this year they met every Wednesday morning before school to organize events. The major event requiring organization was the class's Senior Prom. Another job the council traditionally does is to provide the centerpieces for their Junior Prom. Fundraisers that this year's Junior Class Council held were the Halloween and Valentine's Dances, and the selling of Valentine grams, pom poms, and candy.

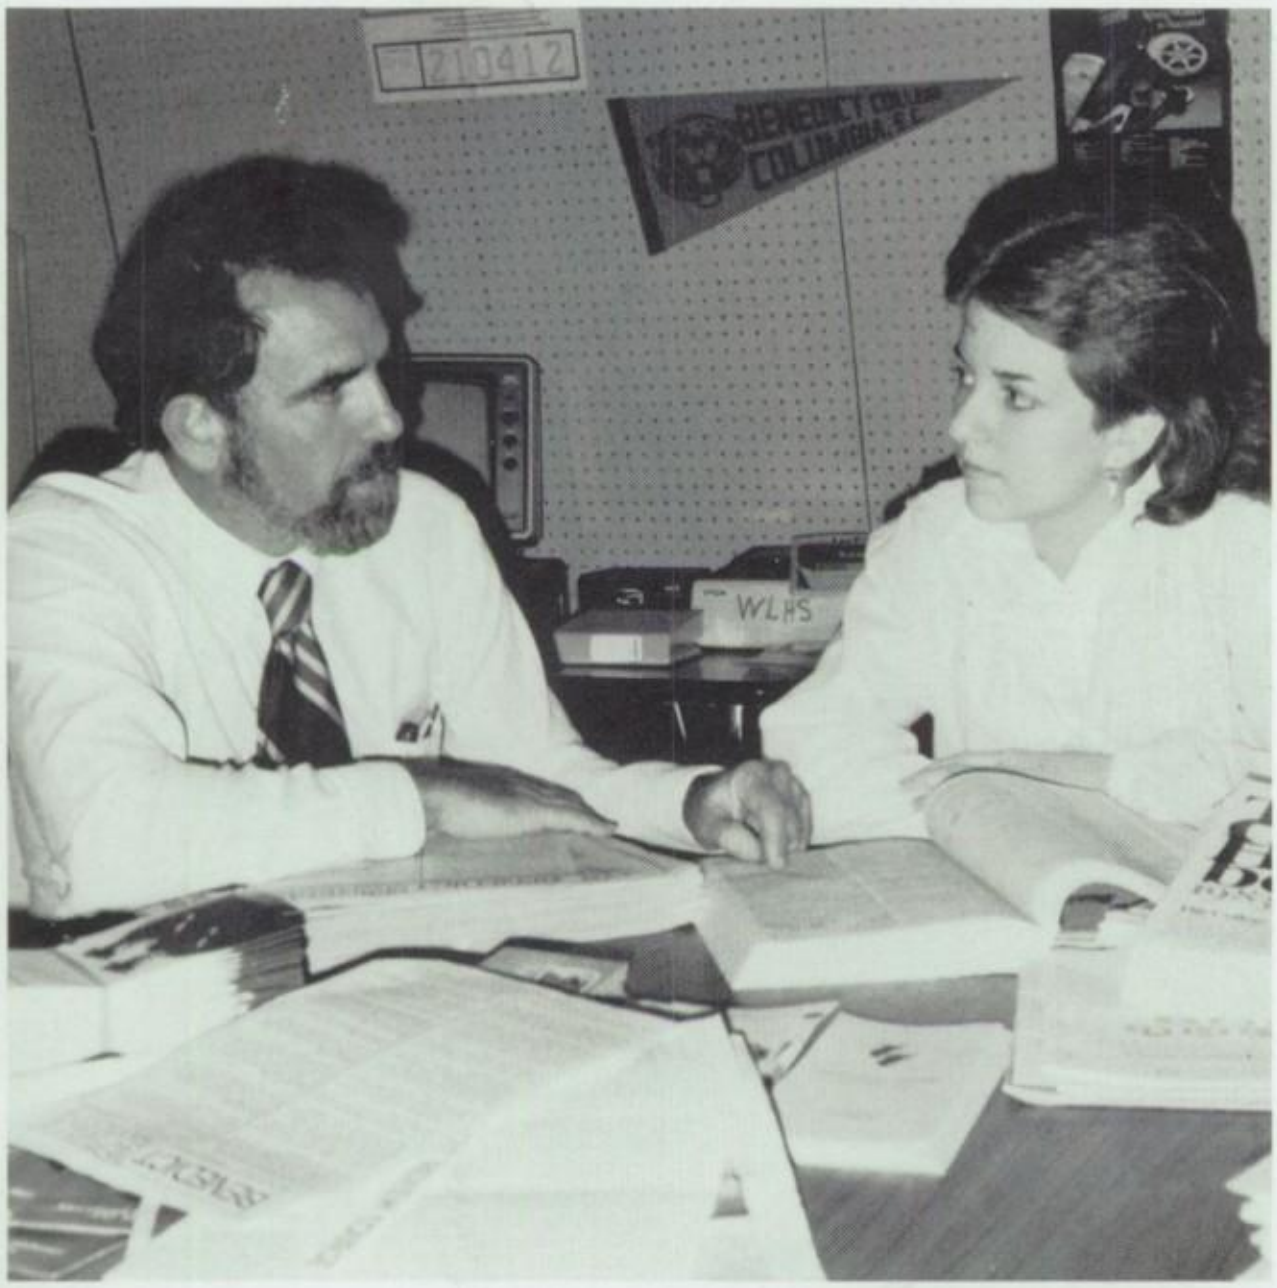
# The Search Is On



Each year, students go through the critical process of carefully choosing the college or university that will best help them to further their career goals. The Guidance Department diligently works to give Wilde Lake students a helping hand, not only in choosing their career goals, but also in finding the right program for achieving those goals. This program often involves the choice of a college or university.

Representatives from many schools come to Wilde Lake in order to recruit bright, new students to their student bodies. In return, students often visit these universities and colleges to experience the atmosphere of college life.

Pursuing the right college or university can be a very tense and apprehensive experience for most students, but when that letter of acceptance arrives, Wilde Lake students find that the time and the effort put into the search was well worth it.

# Juniors Achieve Early Graduation

Each year, a group of daring, young juniors decide to brave all odds and make their way out into the college world a year early. Rei Robertson, one of these graduating juniors felt that because she had enough credits to graduate during her junior year it would have been a waste of time to continue going to high school.

To gain the twenty credits required by Howard County, most of these juniors find themselves carrying a heavy course load. Summer school becomes a necessity in order to attain the four required English credits. When asked about the extra work and dedication involved, Elissa Glick felt that it was worth it because it is better than attending high school for another year when she has already completed the requirements needed to graduate.

Providing early graduation for motivated students is one of the many academic benefits that is paying off for the students at Wilde Lake.

# Class Rings Arrive!

October was a special month for Juniors, who had been waiting since their sophomore year to receive their class rings. A lot of thoughtful planning went into the choosing of these high school keepsakes.

During their sophomore year, the students searched through pamphlets and brochures provided by the Balfour Ring Company. They chose from a wide array of styles, cuts, colors, and engravings to find a ring that would serve as a remembrance of their high school years.

This year the Balfour Ring Company added special gifts of stones, engravings, and, in some cases, rings to those students lucky enough to have received bonus envelopes. Each sophomore received an envelope to remain sealed until a ring was ordered. Once a ring was ordered, the envelope was opened to reveal any special gifts the student might have won. This surprise added to the excitement of ordering rings.

Lucky winner of a free class ring, Kim Sheff is surrounded by Michelle Ivester and Carolyn Greer, all of whom are admiring their newly acquired treasures.

# Stepping Out In Style

Many of the styles at Wilde Lake this school year grew out of the entertainment industry. Students wore buttons showing off their favorite musical groups, and the summer movie *Flashdance* popularized the fashion of cut-off sweatshirts. *Flashdance* also brought attention to breaking, a type of dancing that originated in New York with Hip Hop. However, it became popular everywhere, especially at Wilde Lake during the lunch hour.

Accessories added style to the fashions. Many girls wore layers of oversized clothing with wide belts or double belts. Old fashions of bandanas and jean jackets also made a comeback for the '83-'84 school year. Sunglasses and hats became so trendy this year that students even wore them indoors. Some of the most popular shoes of the year were shoes with velcro rather than laces, jazz shoes, and high tops.

Although most Wilde Lakers sported the trends, one of the most important factors in this year's fashions was originality. This was often achieved through adding one's own special touch to clothing, and even hair, with original styles and color. Some of the *original* hairstyles included crew cuts, mohawks, and tails. All in all, 1983-84 was a year that Wilde Lake students definitely went out in style!

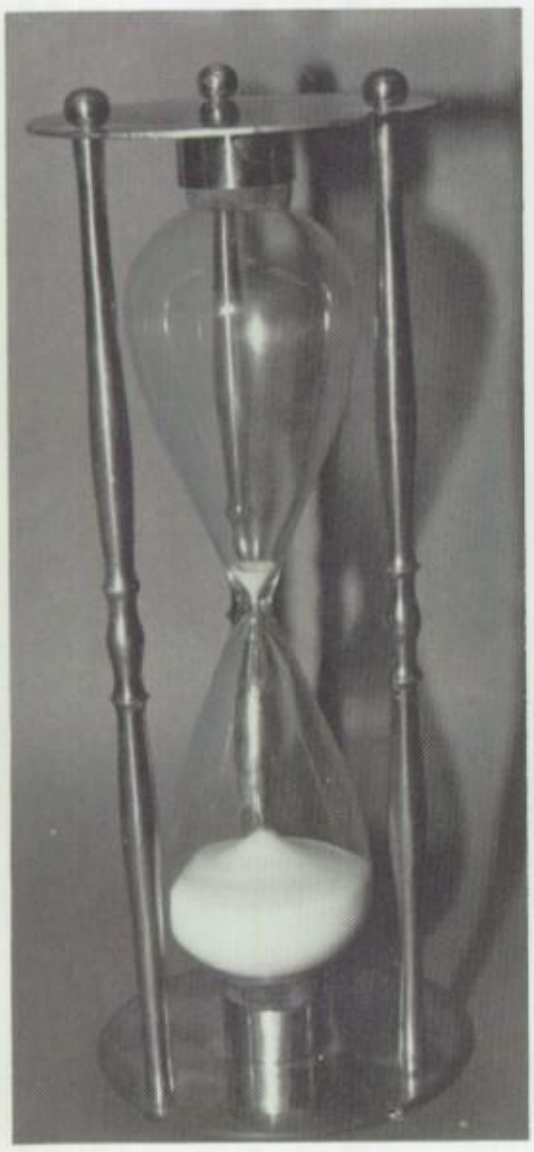
# Yes, We Remember . . .

# It Was A Very Good Year . . .

*Top Right:* Sharing a last memory, many seniors crowd together in celebration of graduation.

*Bottom center:* The Senior-Junior Prom: elegant, exciting, special . . . a lovely memory.

*Bottom right:* At last . . . graduation.



As the final grains of sand slip through the hour glass, signifying the end of another school year, some of us find that saying a final farewell is not always easy. Good times, good friends, failures and successes alike · · · all become memories.

Many of us will return to Wilde Lake to complete our education. Many of us move on to other horizons: college, work, or wherever our new independence guides us. But, no matter where we go, we will always remember these high school years as "The Best of Times."
